

KAISER'S ARABIC NOTE PROMISES REPARATION

Washington, Sept. 9.—Germany's note on the sinking of the Arabic was received late today at the state department. Officials will not consider it before tomorrow and arrangements for its publication will be made later.

The note, as outlined in Berlin news dispatches, says the commander of the submarine believed the Arabic was about to ram him. It also expresses regret for the loss of any Americans and proposes means of reparation.

DUMBA MAY BE REMOVED

Washington, Sept. 9.—Unless the Austrian government interests itself in the case of Dr. Constantin Dumba, its ambassador here the diplomatic incident growing out of the disclosure of the ambassador's connections with plans for hampering manufacturers of war munitions in the United States probably will be called to the attention of the Vienna foreign office.

Further developments in the case today awaited receipt of certain documentary evidence which President Wilson and Secretary Lansing are expecting from London.

In the meanwhile, officials regarded it as not improbable that unless the ambassador himself or his foreign office took some step it might be intimated to Vienna that the good relations between the United States and Austria Hungary would best be preserved by the presence of another ambassador. The exact procedure, however, has not been decided on. Those closest to the president described his attitude as being very reticent to taking initial action. It has been reported that the ambassador contemplated taking a vacation to attend to personal business at home. That might satisfy the needs of diplomacy. A. Eustem Boy, the ambassador from Turkey, took leave of absence some time ago after making public statements which violated diplomatic decorum.

Washington, Sept. 9.—Secretary Lansing has cancelled the passports of James F. J. Archibald, the American correspondent upon whom British secret service men found communications from Dr. Constantin Dumba, the Austro-Hungarian ambassador to his foreign office on the subject of fomenting strikes in American munitions plants.

Archibald now is at Rotterdam and American minister Van Dyke has been instructed to issue (Continued On Page Six)

WOMAN ROBBED AND SLAIN, YOUTH JAILED

New York, Sept. 9.—Owens Tallis, a Russian Finn, for two and a half months a half boy in the hands of Mrs. Elizabeth Nichols, a widow who met death at the hands of masked men who robbed her of gems valued at \$10,000 was arrested today after he had confessed, the police assert, to having played a part in the crime. He was formally charged with murder.

At other servants in the house were freed of suspicion, Deputy Police Commissioner Lord announced.

Preliminary examination of Mrs. Nichols' body revealed the fact that she had died of strangulation and not of asphyxiation as first supposed, Mr. Lord said. An autopsy to be performed later today will disclose the exact cause of death.

Although the burglars stripped their victim's fingers and ears of diamonds and other jewels worth \$10,000, they failed to rifle the strong box of her safe, in which she kept gems valued at from \$250,000 to \$500,000.

The manner in which Mrs. Tallis was frightened to death was described today, according to the police, by Owens Tallis, the half boy. Deputy Commissioner Lord announced that Tallis had made a confession relative to the murder, details of which would be made public later in the day.

SEVEN MIDSHIPMEN MAY BE DISMISSED

Washington, Sept. 9.—Seven midshipmen have been recommended for dismissal from the naval academy by the acting superintendent for hazing or for misconduct in connection with the hazing investigation. Secretary Daniels today notified the midshipmen offering them opportunities to make explanation. Their names were not made public. In addition to those recommended for dismissal a large number were recommended for disciplinary action for other offenses.

One of these midshipmen was recommended for dismissal for hazing more than one other midshipman. Practically all the others were recommended for dismissal were

HAS RIGHT TO MAKE TROUBLE IN U. S., SAYS DUMBA; MAY GET HIS PASSPORTS

Ambassador Constantin Theodor Dumba.

As a result of his efforts to foment trouble in American factories and cause strikes and walk-outs in American plants manufacturing munitions for the allies, Dr. Constantin T. Dumba, Austrian ambassador to the United States, may be given his passports. Dumba defends his actions on the ground that he has a right to do anything that will embarrass Austria's enemies, even though his course may incidentally cause trouble in the United States.

ALLIES PLAN NEW DRIVE

Sofia, Bulgaria, Sept. 7.—(Via Berlin and wireless to Tuckerton, N. J., Sept. 9).—According to information received from reliable sources the Allies are now concentrating large forces including heavy landing artillery for a general attack on the Dardanelles.

The presence of mine sweepers at Seddul-Bahr, near the entrance to the straits, is regarded as foreshadowing increased activity including a vigorous bombardment of the outer Dardanelles forts.

BULGARIANS FORTIFY TOWN

Paris, Sept. 9.—According to a dispatch to the Temps from Dedeaghat, the Bulgarians are actively fortifying that port and its environs. Heavy guns are being placed at all strategic points, the dispatch adds, eighteen large pieces having been taken through the city last night.

GERMANS WIN VICTORY

Berlin, Sept. 9.—(Via London).—An important victory in the Argonne was announced today by the war office. French positions over a front of two kilometers (one quarter mile) were captured.

The war office announced that in the Zeppelin raids over Ireland on Tuesday and Wednesday nights bombs were dropped on docks and other port establishments in London and vicinity. The German airships returned safely.

BRITISH TRANSPORT SUNK. SAYS REPORT

Berlin, Sept. 9.—(By wireless to Tuckerton, N. J.).—A statement given out by the Overseas News Agency today quotes the Weserzeitung of Bremen as saying that the British steamship Southland was torpedoed in Turkish waters. The Southland formerly was the Red Star liner Vaterland. These steamers flew the Belgian flag up to the time of the occupation of Belgium, and then sailed under the American flag. Now the Southland, which was lately flying the American flag, suddenly was changed into a British transport.

TWENTY DIE IN AIR RAID

London, Sept. 9.—There were no Americans among the air raid victims the American embassy and the American consulate reported this afternoon.

London, Sept. 9.—Twenty persons were killed and 86 others injured in last night's Zeppelin raid.

These figures were given out here officially today. The German airships flew over the eastern counties of England and London district.

Last night's official statement concerning the airship raid stated that the Zeppelins "visited the eastern counties and the London district."

The official statement gives the following list of casualties: Killed 12 men, 2 women and 6 children. Injured seriously: 8 men, 4 women and 2 children. Injured slightly: 38 men, 23 women and 11 children.

One soldier was killed and 3 were injured. All the other victims were civilians.

The attack of last night brings up the total of casualties from Zeppelin raids to 122 killed and 349 injured. On the previous night 13 persons were killed and 43 wounded.

RUSSIANS CLAIM VICTORY IN GALICIA

London, Sept. 9.—For the first time in many weeks the Russians, according to their statements, have inflicted a severe defeat on their opponents. The battle of Tuesday near Tarnopol, 70 miles east of Lemberg and near the Galician frontier, while not conclusive is regarded in England as indicating that the Russians are reaching the stage where they purpose striking back after their long retreat.

The Teutonic forces engaged in this battle included not only Austrian but German forces. The Russians maintain that 8,000 prisoners exclusive of the dead or wounded, measure the extent of their victory, and that it would have been more pronounced but for their inferiority in artillery.

The German center is forging forward slowly by virtue of sustained pressure, but in the north Field Marshal Von Hindenburg is still unable to force a passage of the Dvina.

STAHL IS GIVEN 18 MONTH SENTENCE

New York, Sept. 9.—Gustav Stahl, the German reservist who said he saw four guns on the Lusitania just before she sailed from here on her last trip but later admitted his affidavit was false and entered a plea of guilty to perjury, was today sentenced by Federal Judge Hough to eighteen months imprisonment in the Federal prison at Atlanta and to pay a fine of \$1.

Stahl received his sentence calmly and had nothing to say regarding it, his attorney declared. Judge Hough dealt with three points in imposing sentence.

The first was whether Stahl made the affidavit voluntarily or by procurement of some persons whom he regarded as having authority over him. There was no evidence that such procurement had been made, the judge said. The second point was whether Stahl had committed the act "per se" and third if he had done it merely to get into the public eye and create a sensation.

With the last two points the court said he agreed. The court said Stahl was apparently a man of vanity and with a love for notoriety.

SUBMARINE PEEPS AT U. S. LINER, DISAPPEARS

New York, Sept. 9.—Some of the 300 passengers arriving here today aboard the American liner New York from Liverpool said they had been informed by officers of the ship that on the outward voyage, when near the coast of Ireland, a German submarine came to the surface, surveyed the vessel and then leisurely submerged. The undersea craft arose off the starboard bow of the New York and remained on the surface only a short time. The New York was not halted, it was said.

EQUALS RECORD.

Paris, Sept. 9.—The French monoplane, E. X. DeMars, it was announced last night, has equalled the world's altitude record of 6,900 metres (22,638 feet) established by the German aviator, Otto Linnemann, in an aeroplane at Johannthal, July 9, 1914.

Went over to the "Geeks" fair last night and had the time of my life. If you want to have the time of your life drop around tonight. The "Geeks" will do the rest. It's an old fashioned indoor fair with something to do for all the time and everything taken in goes where it will do the most good—to people who need it. Here's the weather:

Ohio—Generally fair tonight and Friday; slightly lower temperature tonight.

Kentucky—Probably fair tonight and Friday; slightly lower temperature in north portion tonight.

West Virginia—Fair tonight and Friday.

BOOSTERS' PARADE THEN BRIDGE DEDICATION

Senator Harding Will Probably Be Here For Big Event, Carnival Booming

The Scioto river bridge dedication will be held on Wednesday evening, the first day of the Kora Carnival, at the close of the monster Boosters' parade.

This was decided at the meeting of the directors of the Business Men's Association and chairmen of the various Kora Carnival committees Wednesday evening.

The Boosters' parade will form east of Chillicothe street, probably at Gallia and Waller streets, and will march directly west to the bridge, where the exercises will be held.

Another urgent invitation has been extended to Senator Warren G. Harding to make the principal address at the bridge dedication, and it is almost certain that an affirmative reply will be received from him. Clinton Cowan, state highway superintendent, and other notables will be present.

Excellent Headway Is Being Made

Chairman Albert L. Marting reported that "excellent headway" was being made in the preparations for the Boosters' parade, and that it was an assured success. Another meeting of the general committee has been called for this evening, when further plans will be mapped out.

It was originally intended to hold the bridge dedication exercises Wednesday afternoon, but the committee decided Wednesday evening that it would serve as a fitting close to the big Boosters' demonstration.

Twelve choruses from the public schools will compete in the choral contest, according to Chairman Ben G. Harris, of the music committee. Each chorus will be trained by a teacher with musical ability, while some of the best musicians in the city will superintend the rehearsals during the last few days preceding the Carnival.

In Front of New High School

The contest will be staged in front of the high school Thursday afternoon. "The Boatman's Song" will be the selection for the choruses from the third to fifth grade, and "Water Lilies" for those from the fifth to eighth grades. An adjudicator from out of town will be secured to award the prizes.

The finish of the contest will be one of the most awe-inspiring features of the Carnival. As each chorus concludes its effort, the members will be stationed on either side of the high school entrance. When the last one has finished, the twelve groups will be massed into one, and the River City Band, stationed in the rear, will lead a medley of patriotic airs, in which the combined choruses will join.

All advertising for the Kora Carnival has been finished, except the placing of the fifty big road banners at advantageous points along the roads leading into the city, reported Dick Richards, chairman of the advertising committee. He said the last round of the neighborhood had been made with premium lists, flags, pennants and the other advertising matter. The big banners will be put up the latter part of this week.

Post Card Sale Is Phenomenal

Chairman Richards also reported that the sale of post cards during the past week had been nothing short of phenomenal. The indications are that large supply will be completely exhausted before the opening of the Carnival.

Superintendent Frank Appel of the public schools, took a large supply of cards Wednesday evening, which will be distributed among those school children who desire to mail them out Friday, "Post Card Day."

Superintendent Appel reported that the school teachers had taken hold of the Carnival idea with a vim, and that a large turnout of children for the "Children's parade" was assured. The school exhibit is all in readiness, he

Raised Chair To Hit Officer; Gilbert Wikoff Is Overpowered

Gilbert Wikoff went on the war path Wednesday evening when, while crazed by drink, he attacked and knocked down his own mother, according to the police. Sergeant James Marshall hurried to Mrs. Wikoff's home at 1403 Twelfth street and when he entered Wikoff raised a chair to strike him, but was overpowered. In a desperate struggle with a brother, Wikoff cut a large hole

clear through his lower lip. At his request, the police removed him to Dr. O. D. Tatje's office, where his wound was sewed up.

Couple Charged With Trying To Beat Board Bill, Get Away

Wilson L. Liston, of No. 213 Washington street, filed an affidavit in the mayor's court Thursday morning against one Paul Todd and wife, Ada Todd, alleging they had defrauded him of a \$20 board bill.

Mr. Liston reported to Police Capt. Grant Cooper that the couple skipped out at midnight Wednesday, smuggling their trunks from the house and carrying them to Third and Washington streets, from which corner an Interstate Transfer Company baggage wagon removed them to the depot. He found that the trunks were checked through to Huntington, W. Va.

Mr. Liston said he and wife had become suspicious of the couple and kept close watch upon them, refusing their request to "remove their trunks to the home of 'friends'." Wednesday. They claimed to have received word that a \$50 check they had been expecting ever since engaging accommodations at the Liston home two weeks ago, was on the way. Todd claimed to "hail from Illinois and said he came here to take a clerical position at the N. & W. freight depot, but did not work a single day since his arrival.

Capt. Cooper is unable to act upon the affidavit now that the couple is in another state, but will communicate with the Huntington authorities to keep them under surveillance.

Charge Is Serious Spring Is Broken

Officer Roy Moore arrested a well-dressed young man Thursday morning on an affidavit filed by Jeweler Albert Zoellner, charging him with destruction of property. After he had moved out of Mr. Zoellner's property on Third street it was found that a window and front door lock were broken. He asked the court for the privilege of doing the very thing that was wanted of him and was given until evening to make good the damage.

Armed Foreigners Terrorize Camp

Three foreigners, filled with "fire-water" and armed with revolvers, entered the camp of Rinehart and Dennis, C. & O. grade contractors, back of Sciotoville, Wednesday afternoon, and started to "shoot up the place."

They entered several of the shacks and fired shots through the roof. Luckily no one was in the shacks.

"Squire Basham, of Sciotoville, was notified and deputized Eugene Ketter and Herbert Reynolds to arrest the trio. The young men found two of the foreigners, who were arraigned before Squire Basham, but as no evidence was found against them they were released.

Deals In Realty

Two realty transfers filed for record at the recorder's office on Wednesday were the sale of ten acres in Washington township to Silas Howen by Oliver Collins and wife for \$500, and the sale of Lot 16 in Brookdale addition to New Boston to Victoria Cheney by Geo. Bahner for \$475.

Petitions Return

All referendum petitions circulated in Scioto county this year and later filed with the secretary of state have been returned to the office of the board of elections for inspection by any interested citizens in the county. The public has until September 13th to examine the petitions, after which date they will again be returned to the office of the secretary of state.

Directors of the Apple Show at fronton have asked Mayor Hannon for additional police protection during the Apple Show next week. They are anticipating large crowds.

Rev. Dunning Against The Sunday "Movies"

Editor of The Times: "Knowing the ability of the Times to reach the ears of the people, I venture to ask space for the following communication which I wish to place before the citizens of Portsmouth.

"I notice in papers of Tuesday that the managers of some of our motion picture houses are endeavoring to get an ordinance opening the movies on Sundays.

"This movement should meet the instant opposition of all citizens who are interested in the welfare of Portsmouth, and who desire not only to make it a greater but a better city.

"I firmly believe in motion pictures as a popular means of entertainment, and have installed them as a part of my church's program. Our motion picture theatres have in the main been most excellently managed. They are well patronized and supported by the Christian people of the city and are an institution everyone should like to see continued.

"To inject them into the Sabbath life of our people, however, is not only to lower their own standard, but is a direct blow at the religious life of the community. The first problem of a city is the making of good citizens.

Sunday is the only day the churches and Sunday schools have of reaching the ears of the young with the moral and spiritual lessons so essential to good citizenship. Portsmouth has become noted for its Sunday schools and for its well attended Sabbath evening services. The greatest difficulty in reaching the young has been the rapid multiplication of pleasures. To open the theatres on this day will be to demoralize this work here. I have the testimony of hundreds of pastors and Sunday school superintendents in other cities where this has happened.

"The proposed ordinance also strikes a blow at labor. For years the workers have fought for shorter hours and for the Sunday rest. This movement for Sunday pictures is a part of the program of the film manufacturing corporations for larger profits, and will force thousands of workers to lose their Sunday rest. In many Eastern cities, through the influence of the labor unions, Sunday pictures have been closed in the past few months. Opening the motion pictures on Sunday will only be a step toward giving the masters added power to fasten their chains on the workers. The thoughtless cannot have their Sunday pleasures, nor the rich their Sunday profits, without placing an added burden on those who have to toil.

"Anything that this curtails the moral and religious forces of a community, and puts added burdens on the workers should meet the instant opposition of all good citizens.

"The theatres are open day and night for six days and there is not a citizen who does not have ample opportunity to patronize them during these hours. There is absolutely no justification nor reason for opening them on Sunday. The only reason the proposal is made is the commercial greed of a few who will profit by Sunday patronage.

"Because some other cities have Sunday movies is no reason for our having them. I have always believed that Portsmouth is a better city than other cities, and I think civic pride should keep it so.

"I do not see how Christians interested in the spiritual welfare of Portsmouth, nor laboring men interested in the welfare of the workers can do else than take a firm stand against the proposed ordinance.

"JOHN W. DUNNING."

Carries Up Case

An appeal has been taken in the case of Arlos May against J. P. Winters, heard in Squire Byron's court August 6th last, by the defendant. The plaintiff secured a judgment in the lower court for \$25 and costs for labor and material alleged to have been furnished the defendant. Blair and Kimble represent the plaintiff, and Philip Jacobs the defendant.

May Use Property For Power House

The Ironton News of this week says:

"The Ulrich property, on South Fourth street, has been bought by Dr. J. W. Lowry. These three lots lie on the west side of Fourth, just above Vine street.

"The News stated some time ago that the new Portsmouth and Ironton railway would go up Fourth street, and would have a power house and car stable somewhere on upper Fourth. Interurban cars will leave Ironton each morning for the

down-river run to Portsmouth, and there will probably be about eight cars, four kept at each end of the line. There will be fast through cars that make only five or six stops, and accommodation cars that will 'pick up' people at certain places. Then, too, there will probably be freight cars. The News is of the opinion that the Interurban street railway company will build a power-house, and car-barns on the Ulrich lots, which will be an ideal location. These lots were owned by Henry C. and Fred Ulrich.

WOMAN STILL MISSING

Miss Annie L. Sparks, aged 22, who has been missing since Monday evening, is still unaccounted for. Police Officer Arthur Ridings, who has been investigating her disappearance, learned that she was seen talking to one of the Howe Bros.' circus men Monday evening and it is thought he may have induced her to leave the city. The missing young woman is a sister of Mrs. John Kidd, of No. 822 Eleventh street (rear) and was employed as a domestic at the Dawson home, corner Eleventh and Union streets.

Maysville, Ky., Sept. 9.—The large cofferdam that was placed in position two hundred feet across the channel at the Government dam being built here, was washed out and completely wrecked by the sudden rise in the river here. The loss to the contractors will be about \$1,200.

Elks Will Get Busy During Big Carnival

Plans for the Elks' activities during the Kora Carnival were informally discussed at a special meeting of the lodge Wednesday evening, attended by a few of the members. No definite plans were decided upon, but Exalted Ruler McCall announced the appointment of the general committee to have charge, which was printed in Wednesday's Times.

A meeting of this committee will be called within the next few days.

ENGLISH POUND RAISES

New York, Sept. 9.—Foreign exchange markets opened today with a brisk upward trend of rates and evidences of underlying strength. Sterling rose a cent and a half over night, reaching \$1.45 1/2. The market was strong though quotations were nominal. Knowledge that the Anglo-French commission of financiers coming here to adjust the complicated foreign exchange situation would, in all probability, reach the city tonight or early tomorrow, was one of the contributing factors to the improved tone of the market.

With today's improvement in the markets sterling has regained nearly half its loss, being fifteen and one-half cents above the low record of \$1.40 touched within the past two weeks.

The first was whether Stahl made the affidavit voluntarily or by procurement of some persons whom he regarded as having authority over him. There was no evidence that such procurement had been made, the judge said. The second point was whether Stahl had committed the act "per se" and third if he had done it merely to get into the public eye and create a sensation.

With the last two points the court said he agreed. The court said Stahl was apparently a man of vanity and with a love for notoriety.

SUBMARINE PEEPS AT U. S. LINER, DISAPPEARS

New York, Sept. 9.—Some of the 300 passengers arriving here today aboard the American liner New York from Liverpool said they had been informed by officers of the ship that on the outward voyage, when near the coast of Ireland, a German submarine had come to the surface, surveyed the vessel and then leisurely submerged. The underwater craft arose off the starboard bow of the New York and remained on the surface only a short time. The New York was not halted, it was said.

EQUALS RECORD.

Paris, Sept. 9.—The French mountaineer, E. X. DeMars, it was announced last night, has equalled the world's altitude record of 6,000 metres (21,328 feet) established by the German aviator, Otto Linnemeyer, in an aeroplane at Johannthal, July 9, 1914.

RUSSIANS CLAIM VICTORY IN GALICIA

London, Sept. 9.—For the first time in many weeks the Russians, according to their statements, have inflicted a severe defeat on their opponents. The battle of Tuesday near Tarnopol, 70 miles east of Lemberg and near the Galician frontier, while not conclusive is regarded in England as indicating that the Russians are reaching the stage where they purpose striking back after their long retreat.

The Teutonic forces engaged in this battle included not only Austrians but German forces. The Russians maintain that 8,000 prisoners exclusive of the dead or wounded, measure the extent of their victory, and that it would have been more pronounced but for their inferiority in artillery.

The German center is forging forward slowly by virtue of sustained pressure, but in the north Field Marshal Von Hindenburg is still unable to force a passage of the Dvina.

Small-Size Tires Enlarged 20%

Sizes 30x3½ and 30x3

Goodyear tires won top place by giving more than others. For that reason alone these tires for years have outsold any rival.

This year we are giving to users of small tires three more costly extras. Now Goodyear tires in these sizes, more than ever before, excel any like-size tire.

3 More Extras

We have added 20 per cent to the air capacity. Added size, as you know, adds mileage.

We have added 30 per cent more rubber to the side walls, to the part above the rim. That's where constant bending breaks a thin-walled tire.

We have made new models of a new design which adds endurance, we have found.

GOOD YEAR
Tires
\$17,000 in Extras

Lower Prices

These new extras alone, on this year's output, will cost us \$317,000. They will save our users ten times that, perhaps.

Yet this year we made another big price reduction. It was our third in two years, totaling 45 per cent. That's one result of mammoth output—a value no one else can give.

Even in size 30x3½ in Goodyear tires, you get a four-mile tire. In our All-Weather tread, you get a double-thick anti-skid. Now you get this extra size and extra strength. More than ever you can rely on the use of Goodyear tires. No other make compares with them in low average cost per mile. A half-million users have proved that.

"HOME COMING DAY" TO BE HUGE SUCCESS

Interest in "Home Coming Day" which will be observed at the First Christian church and Bible school next Sunday and Monday, is at fever heat and the success of the affair is assured. Thousands of invitations have been sent out to members, non-resident members and friends of the church and it now looks as though fully 1000 will be in attendance at all the services.

The decorating committee prom-

ises to have the interior of the building in gala attire for the occasion. Everything is properly attuned to the joys of the occasion and the members are working industriously for the success of the event, and when that big body of 1200 communicants get busy, something is bound to result. Superintendent Charles M. Howland writes that he will be at home Friday and expects to work every second of the time from then on.

Splendid Sermon Delivered At Temple

Appropriate services commemorating Rosh Hashana were conducted in the local Jewish Temple Thursday morning by Rabbi Solomon B. Freehof of Cincinnati. The music was in charge of Mrs. Philip Wickerham and the services as usual were very interesting and largely attended.

"We will never do our full duty to our suffering brothers in Europe until we give unto them

in the feeling of sacrifice and the feeling of sacrifice involves first an understanding of what is demanded, second a willingness to serve and third a preparedness." Rabbi Freehof said in his sermon. "All Jews are brothers we say, and we repeat that so often. Judaism is the same in its essentials all over the world. Is that true? God is offering us a test. Are we able to show now that we are all members of one historic family. He calls us to make a sacrifice. If we are able to do more than that we can spare easily, then the test has been successful, the trial has shown that we are still at one with our brothers, that we are still in one family. Freedom and some prosperity which God has seen good to give us has not spoiled us. It has not estranged us. That idea must be in our minds. Let him test us. We can stand the test."

DRINK CRAZED MAN GOES ON WAR PATH, TAKES HOME BY STORM

Crazed by drink, Gilbert Wikoff, a well-known young man, went on the warpath, taking his mother's home, at No. 1402 Twelfth street, by storm Wednesday evening.

Wikoff, according to the story told to the police, snatched a considerable amount of furniture, and when his mother interfered, struck and knocked her down. It was then a brother took a hand, and in the desperate struggle that ensued Gilbert went through a glass door, cutting a large hole in his lower lip.

When Sergeant James Marshall and Officer Joe Bonzo reached the home in response to a hurry call, Wikoff bolted through the house and out a rear door, disappearing down the alley and over into a neighbor's yard. A boy discovered him crawling underneath a building, and Sergeant Marshall pulled him

out. Wikoff showed fight, and returning to the house seized a chair, and raising it in a menacing manner defied the officers to arrest him, all the while backing towards another door. Marshall warned him that he would "take" him dead or alive and this had the effect of causing Wikoff to submit to arrest. He was removed to the city police headquarters, and at his request Dr. O. D. Tatje was called to dress his wound. It was found necessary to place him under an anesthetic and he was removed to the physician's office, where it required the combined efforts of several men to hold him, as he struggled desperately. After he had revived he was locked up at the city prison. He will be given a hearing this evening.

The Highest Possible Award The Grand Prize for STAR Tobacco

LEADING BRAND OF THE WORLD

The Only Chewing Tobacco That Eyer Won An International Exposition Grand Prize

THE one supreme chewing tobacco at the San Francisco Exposition was STAR. So decided the International Jury of Award, selected from all parts of the world.

As the result of that decision, STAR received The Grand Prize—the highest award that the International Jury could give.

The same "superior quality" that won the Grand Prize for STAR, had won for it the highest regard of chewers for half a century.

STAR'S extra quality of mellow chewing leaf, STAR'S absolute cleanliness of manufacture, STAR'S full "one pound to the plug" weight, and reasonable price, long ago made it the world's largest selling brand of plug chewing tobacco.

BOOSTERS' PARADE THEN BRIDGE DEDICATION

Senator Harding Will Probably Be Here For Big Event, Carnival Booming

The Scioto River bridge dedication will be held on Wednesday evening, the first day of the Korn Carnival, at the close of the monster Boosters' parade.

This was decided at the meeting of the directors of the Business Men's Association and chairman of the various Korn Carnival committees Wednesday evening.

The Boosters' parade will form east of Chillicothe street, probably at Gallia and Waller streets, and will march directly west to the bridge, where the exercises will be held.

Another urgent invitation has been extended to Senator Warren H. Harding to make the principal address at the bridge dedication, and it is almost certain that an affirmative reply will be received from him. Clinton Cowan, state highway superintendent, and other notables will be present.

Excellent Headway Is Being Made

Chairman Albert L. Marting reported that excellent headway was being made in the preparations for the Boosters' parade, and that it was an assured success. Another meeting of the general committee has been called for this evening, when further plans will be mapped out.

It was originally intended to hold the bridge dedication exercises Wednesday afternoon, but the committee decided Wednesday evening that it would serve as a fitting prelude to the big Boosters' demonstration.

Twelve choruses from the public schools will compete in the choral contest, according to Chairman Ben G. Harris, of the music committee. Each chorus will be trained by a teacher with musical ability, while some of the best musicians in the city will superintend the rehearsals during the last few days preceding the carnival.

In Front of New High School

The contest will be staged in front of the high school Thursday afternoon. "The Boatman's Song" will be the selection for the choruses from the third to fifth grade, and "Water Lilies" for those from the fifth to eighth grades. An adjudicator from out of town will be secured to award the prizes.

The finish of the contest will be one of the most awe-inspiring features of the carnival. As each chorus concludes its effort, the members will be stationed on either side of the high school entrance. When the last one has finished, the twelve groups will be massed into one, and the River City Band, stationed in the rear, will lead a medley of patriotic airs, in which the combined choruses will join.

All advertising for the Korn Carnival has been finished, except the placing of the fifty big road banners at advantageous points along the roads leading into the city, reported Dick Richards, chairman of the advertising committee. He said the last round of the neighborhood had been made with premium lists, flags, pennants and the other advertising matter. The big banners will be put up the latter part of this week.

Chairman Richards also reported that the sale of post cards during the past week had been nothing short of phenomenal. The indications are that large supply will be completely exhausted before the opening of the carnival. Superintendent Frank Appel of the public schools, took a large supply of cards Wednesday evening, which will be distributed among those school children who desire to mail them out Friday. "Post Card Day."

Superintendent Appel reported that the school teachers had taken hold of the carnival idea with a vim, and that a large turnout of children for the "Children's parade" was assured. The school exhibit is all in readiness, he said.

Special trains in all directions on the N. & W. on Thursday and Saturday of the carnival will be run, according to Chairman Will H. Hurt of the transportation committee. Definite word has not been received from the B. & O. S. W. and C. & O., but he is still hopeful that special trains will be run on both roads.

Contract for the construction of 150 fruit display boxes, of wood, 11x18x3 inches will be awarded this week by Chairman J. A. Bode of the fruit department. Chairman Bode is receiving invaluable aid from Dr. J. W. Keyes, one of Scioto county's foremost fruit growers and an ardent Korn Carnival booster. Dr. Keyes will assist in arranging the displays, and as a side feature, will have in operation a cider

press, and will sell cider to Korn Carnival visitors.

Are Going To Apple Show

On next Thursday, the Korn Carnival directors and boosters will invade Ironton's Apple Show, and will put in some healthy boosts for the carnival. Advertising matter will be freely distributed in our sister city.

Chairman Ben G. Harris of the finance committee, reported that the committees soliciting funds are meeting with good success, and that the amount this year will be about the same as last year, from present indications.

Physicians, lawyers and professional men will be asked to contribute to the carnival fund this year, the prevailing sentiment of the directors being that they should assist in a small way, at least. To Chairman Harris and his committee was left the manner in which the soliciting will be done.

"Mack" Chairman of Committee

Roy McElhaneey was named as chairman of the Fraternal parade committee, succeeding John McMillan, whose work on other committees preventing him from giving the proper attention to the one big feature. Mr. McElhaneey will appoint sub-committees from each lodge to assist him in making the arrangements.

Mr. McElhaneey reported that the plans for the W. O. W. Tri-State Log Rolling on Saturday were progressing satisfactorily, and that a large crowd would be here on that day.

The next meeting of the directors will be held next Monday evening. On Tuesday evening representatives of the different churches will meet with the directors to discuss their connection with the big "Two Mile Dinner."

A meeting for the Boosters parade committee and the chairman of the sub-committees for the Bills' parade will be held this evening.

Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol for their meals for a while and note results. There is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and many thin men and women who believe can easily add from five to eight pounds in the first four or five days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it aims to turn the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepare it in an easily assimilated form which the blood can readily accept. Much of this nourishment now passes from your body as waste. But Sargol works to stop the waste and do it quickly and to make the fat producing contents of the very same meals you are eating now develop into pounds and pounds of healthy flesh between your skin and bones.

Sargol is safe, pleasant, efficient and inexpensive. "Fishes" and "Stretch" and other leading druggists in this vicinity sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back as found in each large box.

Elks Will Get Busy During Big Carnival

Plans for the Elks' activities during the Korn Carnival were informally discussed at a special meeting of the lodge Wednesday evening, attended by a few of the members. No definite plans were decided upon, but Exalted Ruler McCall announced the appointment of the general committee to have charge, which was printed in Wednesday's Times.

A meeting of this committee will be called within the next few days.

MUSICAL BILLS WILL BE LED BY BILL CRAIN

NEW BOSTON

William CRAIN was selected as leader of the "Bills' Band" which will head the Bills' parade on Friday night of the Korn Carnival, at a meeting of the "Musical Bills" Wednesday evening. Eighteen pieces have now been recruited for the band, which promises to make things hum on the night of the parade.

The "Musical Bills" now include: William CRAIN, William Ruark, William Robertson, William Brandel, William Gableman, William Zottmann, William Schilling, William Andrus, William Maxey, William Gray, William Sialer, William Middaugh, William Braundin, William Puntony, William Turner, William Spitzer, William Shelby. Any other "Musical Bill" is eligible and can enter by notifying Chairman Burt.

C. A. Bradford has composed the official "Bill Song," which is sung to the tune of "Marching To Zion."

Come Bills who love the town, And let all Bills be known, Join in the song, every Bill Join in the song all of you Bills, And thus surround the town While marching round and round.

Chorus

We're marching for Portsmouth, Beautiful, beautiful Portsmouth, All Bills are marching for Portsmouth, The peerless city of O.

All Bills refuse to sing, Should never be in line, We're Bills of the Peerless town, And Bills from the county round We sing our praises abroad For all our merchants good.

The Bills of Portsmouth yield, A thousand and one things; Therefore we see the Bills work, Never a Billy by the name, Was ever known to shirk, Was never known to shirk.

Now let our song resound, From every merchant's door, We're marching on good Portsmouth ground, We Bills are going to keep it sound, As every year goes by, For Carnival's we sign.

REAPING BENEFIT

From the Experience of Portsmouth People

We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Portsmouth residents on the following subject will interest and benefit many of our readers. Read this statement. No better proof can be had.

Lewis Feigler, carpenter, 1219 18th street, Portsmouth, says: "I was in a pretty bad fix with kidney complaints. When I stooped over, severe pains darted through the small of my back and I could hardly straighten up. My kidneys acted too frequently and the kidney secretions were scanty and burned on passage. I had such bad dizzy spells that I often staggered around. I got a box of Doan's Kidney Pills at Fingel & Blake's Pharmacy and felt relief from the start. Two boxes fixed me up in fine shape. Since then, when I have had similar attacks, Doan's Kidney Pills have always given prompt relief.

AH, FRIDAY IS GLADSOME DAY, GET CARDS READY

Friday is the day. Boost the Korn Carnival by making yourself one of the number who will mail out souvenir Post Cards of the Carnival to your friends and relatives, calling their attention to the biggest civic exhibition in southern Ohio.

Post cards are selling far in excess of the fondest dreams of the carnival committee. From every source comes the word that the original supply is exhausted, and that more are needed to supply the demand.

One prominent merchant of this city, who took one thousand cards to mail out to his customers in the nearby territory, sold two hundred of the cards without having them on display and had to replenish his supply Wednesday evening.

About 25,000 cards were ordered by the committee, and a large majority of them have been disposed of. They are excellent views of last year's carnival, beautifully tinted, and one of them would make a fine impression on any recipient.

It is conservatively estimated that 12,000 cards will leave the city of Portsmouth Friday for all parts of the country. The school children are going to send them out to their relatives and friends.

Some of the churches have distributed them among their congregations to be mailed out Friday. And but very few people haven't it in mind to send one or more to some one out of the city.

Post Card Day was a big success in 1914, and this year it promises to be a howling success. Join the ranks of the boosters and plan to send at least one card to some out of town relative or friend.

"It is going to be one day long to be remembered in the city," said President Charles Daehler last night. "Everybody has caught the fever and a perfect deluge of cards will fall in the city Friday."

AS TO CONVENTIONS.

The state convention of the Ohio Firemen's Protective Association, which comes to a close today, was not a success in point of attendance. In fact it was a most decided failure, there being at no time more than eight or ten delegates present. Ordinarily there are from 150 to 200 delegates, in addition to a number of wives and relatives of the delegates, present at these gatherings, but somewhat this year's convention seemed to have struck a snag and Portsmouth, by unlucky fate, was the scene of the probable demise of the organization.

We are sorry that there were not more of the firemen of the state in attendance. Elaborate plans for entertainment had been made and we are quite sure that the visitors would have gone away with a high opinion of Portsmouth as a thriving city and as a hospitable host. As it was the few who were here expressed themselves as delighted with their treatment and carried away pleasant impressions of the town and its people.

This organization which held such a slim convention, was primarily one to advance certain legislative and other interests of the firemen themselves. They were active before two or three legislatures in efforts to secure special legislation for their own interests. It may be that the impelling motives have been attained or that they seem impossible of attainment, and that the members have lost interest. Or it may be that other recent conventions had more attraction. Certain it is that the delegates failed to show up here.

We sympathize with Fire Chief McQuat in his dilemma. He had anticipated a good sized attendance and had many assurances as foundation for that belief. Enthusiastic himself, he had worked early and late in an effort to perfect proper plans of entertainment. He had personally solicited funds and so far as he was concerned, he had done his part. The delegates and members failed to do their part and thereby Chief McQuat and his local assistants were placed in a most embarrassing position.

This brings up the whole matter of providing for the entertainment of conventions. It should be a matter entirely in the hands of a committee of the board of trade. There should be a fund set aside for such purposes, and if the board of trade, when approached, considers it advisable to extend an invitation to any organization, then the board should take charge of the affair, properly herald it abroad, and care for the visitors when they come. Persons who invite conventions to Portsmouth, without the previous sanction of the Board of Trade, of course would have the privilege of doing so upon their own responsibility and would have to care for the visitors themselves. In this way we would get orderly procedure, we would get conventions that meant something, and we would care for them in the proper manner with a minimum of trouble and expense. That is the way it is done in other cities and that is the way it should be done in Portsmouth.

Then if the convention is a success and our fame as a city is increased, we can all share the glory through our representative commercial body; if it is not a success we can all share the burden.

In the meantime as we said in the beginning, we sympathize with Chief McQuat. He did his part and it was not his fault that the delegates failed to come.

THAT AMENDMENT.

We have been in favor of the amendment proposed by the Constitutional Stability League under the belief that it provided that any amendment which had been voted upon twice in successive years, should not again be voted upon for a period of six years. Our belief was that the amendment was so broad that it covered all amendments, whether they carried on, were lost, and we so expressed ourselves in a Noon Extra editorial the other day. We are now informed that we have misread the proposed amendment or else we got hold of a wrong copy of it. The real proposal says that only such matters as have been rejected twice since 1912 by any part of such proposal, shall not be again submitted for a period of six years. That puts a different aspect on the whole matter and we fail to grow enthusiastic over it like we did over the proposition as we understood it. It does not reach what we thought it did at all, and we want to hear more and learn more of the proposed amendment before we support it and vote for it.

We felt perfectly sure Wednesday from the looks of things that the long wet spell had been broken and then along came the weather report with the daily prediction of showers to dash our hopes.

Local sentiment is decidedly in accord with the view that the pardon of Jack Wooten was most unfortunate and that somebody led the governor into a grave error. The plea on which the pardon was based must have come from Jackson county. No one here knew anything about it until the news was carried in The Times.

Really we do not know what we would do if it were not for our reserve navy. Hats off to the Battleship Bonne.

GLAD TO SEE HIM BACK.

DRIVING AUTOMOBILES.

The New York World comes forth as a champion of the female automobile driver. With the fervor, that is commendable in any gallantry towards the fair sex, the position is taken by it, that in quite every respect woman is just as fit to drive the modern machine as is mere man. As to the argument that she lacks the requisite strength, it steps forth with the unanswerable fact that the strength of a Hercules is not needed by a driver and prudence and a quick mind are the prime essentials; as to alleged lack of judgment and consideration of others, it maintains the female is fully the equal the male, and the joy riders, the road hogs and the drunken steersman at the wheel are entirely confined to man.

This latter argument is based on solid truth and its force is not to be gainsaid, but as to the first, much as our own gallantry moves us to admit its correctness, we cannot admit its conclusiveness in fact, and, as we see it, the World is there rather basing itself on the rule. It is not a question there of mental equipment, but rather of experience and general training. As training goes the boy is more or less familiarized with danger, girls are constantly kept away from it, and their habitual environments are such that comparatively few have those adventures in peril that harden the man and steady his nerves to an extent. Possibly, in the matter of automobile driving, the hardihood of the average man will oftentimes impel him to take chances that a woman would not and thus, to a degree, is the standard of fitness in the particular respect somewhat equalized. But, here arises this fact, comparatively few women have a wish to drive an automobile, and think themselves competent, while, to the contrary, there are comparatively few men who do not wish to drive one and, fewer, in the conceit of sex, think themselves incompetent to do so. It will be conceded, that those who like to do a thing and think they can, on an average, will prove more proficient than those who do not.

We are altogether in accord with the World, that the dangers of automobile traffic would not disappear with the elimination of women drivers. A law to such an effect would be absurd and impossible. What is needed to get this new risen and raging pursuit down to a safe and sane basis is rigid enforcement of traffic rules, and regulations that would bar the reckless and unfit, no matter of what sex.

We have heard it said and we have heard it disputed, that Portsmouth wants moving pictures on Sunday. Now we are in a way to settle the question. The question will be settled for good, one way or the other. Study it out yourself, listen to the arguments and vote your convictions.

It seems to us that when they dedicate that new bridge they ought to also build a small monument to that elusive temporary bridge. That is if they can find it when the time comes.

City Prison Was Deserted

The city prison was entirely deserted and the doors were wide open for a few hours Wednesday afternoon. The prison was thoroughly fumigated and disinfected, once the Labor Day crop was disposed of.

Goes To Cleveland

Mrs. John Schuler, proprietress of the Schuler Hotel, has gone to Cleveland for a visit to relatives.

MADE A GOOD OFFICIAL.

A mighty fine young man and a mighty hard working and conscientious official surrendered office Monday when Grover C. Kinley turned over the office of county surveyor to his successor. Mr. Kinley was on the job early and late, he was there looking out for the interests of the tax payers and seeing to it that contractors lived up to the specifications. He would have been a good man to have kept in office, and we say that without disparagement to his successor, Mr. John Harper, who is also a good, clean, energetic young man. But somehow Kinley seemed to fit into the office. He worked in harmony with the commissioners, and he was pleasant and agreeable in his relations with the general public.

We are glad to note that Mr. Harper is retaining Mr. Kinley on his staff, at least for the present. He could do no more popular thing than to keep him there permanently.

Business is looking up. Got a subscription Wednesday from a lady living in England who said she wanted to read the uncensored war news and she had seen The Portsmouth Times at the home of a friend, who had relatives in Portsmouth, who had been sending her copies of the paper.

We imagine the Star will have a pretty hard time of it investigating the character of each and every claim that comes along before it accepts its advertising. Some are good, some are bad, and some are worse. Generally we all expect to get stung when we go but still we go, swear it is the last one, and then go right ahead to the next one.

Yesterday was a pretty tough day on a fellow who had blossomed forth in his last year's fall suit, all neatly pressed and creased, now wasn't it?

MAKE THE ROADS BETTER
BY JESSE TAYLOR
Editor of "Better Roads and Streets"

The time has come for a general forward movement for improved roads, built and maintained under a general uniform plan, roads to be paid for by all who derive benefits or pleasure therefrom, so that all signs will point to a good road everywhere.

It is estimated that each man, woman and child in the United States helps to bear a mud tax of \$12.50 each, because of bad roads. This shows that the road question is one which should be made as big as the tariff, the navy, the army, foreign relations, commerce, or anything else.

Many roads in Europe which are centuries old, and better today than ever, are better because they have been systematically repaired and maintained.

The people who live in towns and cities are as much concerned in the condition of roads as are the people who live along the roads leading into or out of towns and cities.

Good roads, like good streets, make habitation along them most desirable.

Improved roads encourage time and force in the transportation of products as well as to beautify the country through which they pass.

Charles Sumner said: "The road and the school master are the two most important agents in advancing civilization."

The difference between a good road and a bad road is often equivalent to the difference between profit and loss.

There is a National interest in improved roads—coast to coast, lakes to the gulf, state to state; county to county; city to city; village to village; and from the door of the home to the improved road. This general interest will bring results and nothing can stop it except tax limits.

Any custom of practice that wastes road funds is a crime against the tax payer.

Don't forget it, "Construction, repair and maintenance," and that of these "maintenance" is the greatest.

Where is your county or township machinery? Rusting out in the fence corner like a lot of farm machinery, or at work on the road?

New York, Sept. 9.—A dancing floor that revolves is the latest innovation in tango circles. It is being constructed at Murray's and should prove a handy aid to the temperance movement.

It is admitted by those who have invested heavily in the dance halls that something must be done to keep the trotters interested this winter or the dance craze will disappear like a mist. Strategy is needed.

The trotters suffered a severe blow when the public learned that a crowd of rich parasites loitered in them to ensure young girls. The expose was made when Eugenia Kelly, who is soon to inherit one million lovely dollars, was arrested as incorrigible by her mother's order.

Al Davis, a wrist watch wear-

ing lingo fiend, was the man in the case. Broadway has heard that despite the arrest Davis and the girl are to be married soon.

Theodore P. Shouts and August Belmont, with their tales of woe, were quite unable to have a coroner removed from office in New York. They ran up against a stumbling block in Gov. Whitman.

Coroner Riordan accused the elevated railroad of culpable negligence in connection with an accident that cost two lives. Shouts and Belmont are the big stockholders in the company.

The company's counsel in court declared: "Coroner Riordan, I'll drive you out of office. I am pointing my finger at you to hold you up to disgrace. You will hear from this."

The Governor dismissed the charges of misconduct in office, thus revealed that justice is not always asleep even if she naps now and then.

Roy McCordell has discovered the greatest stratagem in the world in New Rochelle. This fellow got his salary raised a year ago and his wife hasn't found it out yet.

Paul Armstrong, who passed on last week while driving in Central Park, is an example of the opportunity for the writing man in New York. He made a fortune in a few short years, yet he was practically unknown when he came to town.

Armstrong had a varied career. Dramatist, steamboat captain, sport writer, friend of crooks, exile from Broadway, defendant in a suit for plagiarism—these were a few of the roles he played in his forty-six years of life, which began in Kidder, Me., and ranged from Michigan to Paris.

He was a well known Broadway figure. He always wore a large felt hat on the right side of his head and had a goatee. He delighted in writing of the underworld life as was shown in "The Deep Purple," "A Romance of the Underworld," and "The Greyhound."

He once secured the consent of a judge to free a burglar in San Francisco, so he could study him. The burglar was given a minor job in one of his plays at \$14 a week. Other members of the cast knew nothing about it until the burglar was arrested for smashing a window in a Broadway store and stealing some jewelry.

Arthur Guiterman, the poet, is visiting in San Francisco. He post cards a travelogue to a friend in New York that he has been spending a quiet evening about Frisco with a Native Son and can understand now why San Franciscans come to New York. They come for a rest.

Speaking of superstitions a man writes to the Tribune that whenever anyone mentions the United States army, Secretary Garrison raps wood.

Montgomery and Stone are on their second year in "Chin Chin" at the Globe and the "S. R. O." sign is up each night.

Psychological
Doesn't matter how you feel, whether you have trouble real or imaginary, you will start to feel blue. You will surely start to think that you're wholly on the blink. You will have ailments galore. Some you never had before. You will think you're going to die.

Surely ere the day goes by, if to you some people say, "Gee, you're looking bad today."

But you feel fit for a fight, positively well—all right. Fit to walk a hundred miles. And your face is wreathed in smiles.

You feel ready for the strife. Better than in all your life. Strong and able to go hence. Full of hope and confidence. You're as happy as a king. Willing to meet anything. If to you some people say, "Gee, you're looking bad today."

POLLY AND HER PALS

HAND IT TO DELICIA PLEASE. SHE WINS HANDS DOWN.

25 per cent of school children have defective eyes.

Think of it—on an every four youngsters may develop serious eye trouble or even blindness.

It is the duty of every mother—every school teacher to watch for signs of eye weakness.

Children who hold books too far from or too near the eyes, who have head-aches—runny shoulders; who are backward in their studies, who dread school, and are unready at times—the eyes of these need attention.

If you have reason to suspect eye-weakness in your children, let us, through scientific examination, make sure of the fact or relieve your mind.

No charge for examination and glasses recommended only when necessary.

The Cameo King, "A Big U"

Two reel comedy drama will be shown in which Murdock MacQuarrie, Beatrice Van and Agnes Vernon are featured.

Third reel "The Supreme Impulse" an Imp. comedy drama with Violet Messerum, Wm. Garwood and Wm. Welch.

Fourth reel, a Sterling comedy drama called "The Fox Trot Craze" is a riot of fun in a ball room.

5c Temple Theatre

Our program tonight is as follows: A Kay-like production in two parts, entitled, "When the Tide Came In." It is a tragic story of a fisher-girl wail, featuring Charles Chatterton and Louise Glamm.

The third reel is entitled "The Deception," an American production, a return to nature, and a romance, featuring Winifred Greenwood and Ed Coxen.

The fourth is a Romance, entitled "Billie's Rescue." It is a story of a man who would not bear a grudge, featuring Irene Hunt.

Two Reel Drama At the Majestic Theatre Tonight

"The Living Death," a strong drama in two parts, is the headliner at the Majestic theatre, Second street. This play is one that shows the evils of false living, which in some places has fairly honey-combed the social structure. It is one of the strongest features ever offered Majestic patrons, and is sure to please all who attend.

An additional attraction is offered in a comedy entitled "Brave and Bold." This is a regular riot of fun and frolic and will bring out a laugh to every foot of film.

Tomorrow the Majestic will offer a strong character drama entitled "The Right to Happiness," while on Saturday the big feature will be a two act drama entitled "The Valley of Hate." The admission to the Majestic is only five cents, although the attractions are of the highest possible class.

Great War Pictures at the Exhibit Theatre Tonight

Those who witnessed "Hell on Earth," depicting the terrible carnage that has ripped was torn Europe, and which was exhibited at the Exhibit theatre Wednesday, pronounce the pictures as the best they ever saw. Hand to hand fighting is shown. The terrible work of bombs is truthfully portrayed. The scenes of desolation are so vivid that one imagines himself in the fighting district. Belgium, according to the pictures, is now a desolated country, her cities torn down and her villages destroyed. Whole blocks of buildings were torn from their foundations, due to the terrible execution of shells from the heavy guns of the Germans and allies. In several places actual battles are seen, while the duel between the Zeppelins and French aeroplanes is most thrilling. A whole battery of German balloons can be seen fiercely under the bombardment of French aeroplanes, and all in all the pictures are highly instructive. See them tonight.

On Friday the Exhibit will show the "All Pittsburgh Show" which will be free to all people between the hours of 9 and 11 a. m., Friday morning. This film is composed of interesting features, such as a thrilling auto and aeroplane race between Oldfield and Thompson. It shows Pittsburghs 100 per cent perfect policemen. The pictures show Pittsburgh as the city is, and disproves the generally accredited report that Pittsburgh is a city of smoke. Come and see for yourself this two reel feature—it's free Friday morning.

DUMBA MAY BE REMOVED

(Continued From Page One)
an emergency passport to permit his return to the United States when the department of justice probably will be called on to decide if he has violated any law of the United States in acting as a messenger for one of the European belligerents.

Cancellation of Archibald's passport is the first official action in a diplomatic situation which it has been suggested might possibly extend so far as to cause the departure of Dr. Dumba from this country.

American government officials were amazed at the disclosure which followed Archibald's detention at Falmouth. Dr. Dumba has made his explanation to Secretary Lansing saying the only instructions from his government was to give widest publicity to the decree announcing enforcement of the Austro-Hungarian penal code against subjects who engaged in manufacture of war munitions for their country's enemies. He contended he was fully within his rights in warning his countrymen.

Yesterday President Wilson conferred with Secretary Lansing and Dr. Dumba departed for his summer embassy at Lenox, Mass., to await news of this government's decision which it is understood will not be reached until more documentary evidence comes from London.

Officials of the state department and the department of justice are now making some preliminary investigations which may decide what further action, if any, may be taken in Archibald's case.

Left Over Funds Will Go To K.K.

All money that is left out of the fund for the entertainment of the Firemen's Convention this week will be given to the K.K. committee, announced Chief McOnat, Thursday. Between \$100 and \$200 will be left when all expenses are paid, it is thought. The greater portion of the fund was used before the convention opened in getting out advertising, printing the souvenir booklet, and purchasing souvenirs and convention badges.

Rev. T. M. Patterson Accepts Ripley Call

The Rev. T. M. Patterson, Jr., who for several years had been pastor of a church in Forsythe, Montana, has just accepted a call to a Ripley, O., church and is motoring to this city from Forsythe. Rev. Patterson is making the trip in his machine and he sent word today that he and his family had safely arrived in Lima, O. This city is 1696 miles from Forsythe. They have been on the road 11 days and so far have had but two punctures and one blow out.

NEW CHURCH FOR HILLTOP

Realizing that the trend of Portsmouth's growth is to the north and east members of the Fourth Street Methodist church have revived talk of a new church in the Hilltop district.

The plan for building a new church on the hill has been on among the German Methodists of the city for three of four years. Rev. A. L. Marting said Thursday that the talk was strong when he first came here as pastor two years ago and while it was on again at present absolutely no definite action has as yet been taken.

Rebekah Convention A Decided Success

The Annual District Convention, Daughters of Rebekah No. 68, convened Thursday afternoon at two o'clock in the I. O. O. F. hall, Fifth and Court streets, with the attendance over the one hundred mark.

Several out of town officers and delegates arrived in time to attend the afternoon session which was secret as will be the evening session at 7:30 o'clock. Only routine business of the order occupied the first half of the afternoon meeting.

The opening address of welcome was made by Member B. C. Bratt. The welcoming remarks were ones that will not be soon forgotten and Mr. Bratt was highly complimented for the address.

Mrs. Jessie Perry, president; Mrs. Emma Bell, secretary of assembly of Columbus, and District Deputy Mrs. Zora Ray of Hamilton, Ohio, made short talks during the afternoon. Mrs. Ray presided over the session.

At the close of the afternoon meeting supper will be served in the hall.

At the session tonight three candidates, James Ferrell, John Morgan and Jennie Nixon, will be initiated. After the initiation light refreshments will be served.

New officers will be elected and the place of the next meeting will be decided upon at the evening session.

LACK OF FUNDS MAY CLOSE SCHOOLS AT CHILlicothe

Chillicothe schools are in a sad way on account of lack of funds, the claim being made that the budget commission will not allow a levy high enough to meet the needs of the school board. The board of education states that unless more money is allowed for the coming year it will be necessary to close the schools.

This announcement was made in a note a copy of which was handed out to each pupil as they left school with instructions to hand same to their parents. The note reads:

Pike Damaged, Warrants Issued

Warrants for the arrest of six men for destruction of the Portsmouth-Harrisonville California pike were issued in Squire Byrnes' court Thursday afternoon upon affidavits filed by William Bennett, president of the board of county commissioners. The six men are Geo. Hunt and M. J.

Forbes of the Hunt and Forbes Company, contractors, employed by the U. S. Northern and Samuel Young, James Beach, Alex. Beach and Alvin Ruby, operators of tractor engines.

President Bennett claims that these men have been tearing up the pike with their heavy engines to such an extent that repair is out of the question. After consulting with Prosecuting Attorney Micklethwait the affidavits were brought under the new road law which makes it a criminal offense to tear up the pike.

It would not be surprising should civil action for damages be brought against some of the men, who it is claimed, are responsible for the present injured condition of that highway. The new law also provides for such a course, the county officials claim.

CHAUTAUQUA IN BALANCE

Whether Portsmouth is to have a Chautauqua in 1916 depends on whether the deficit of this year can be made up within the next few weeks. The executive board of the Federation of Woman's Clubs is in session at the office of the president, Mrs. Howard Sellards, of Offshore street this afternoon, to devise means of meeting the deficit, and upon the success of the plan depends the 1916 Chautauqua.

MR. BATEMAN IT THE CITY

Hon. J. F. Bateman, of Picketon, was a visitor in Portsmouth, Thursday, coming down on some personal business. Mr. Bateman says that Picketon is very much on the map these days and that as far as he is concerned, Picketon is the one place in the world in which to reside. Mr. Bateman is just finishing up his duties as tax assessor under the Warren law, and has gotten along splendidly in the assessment of property in Pike. He has made an obliging and capable official and has filled the office most acceptably to practically every one. And when a tax official does that in Pike or any other county, he is surely going some.

TOLEDO AFTER CONVENTION

Fire Chief W. A. McOnat said Thursday afternoon that the Toledo board of trade had made an eleventh hour bid for next year's meeting of the Firemen's convention.

The Toledo organization offered to pay all expenses of the delegates if that city was given the meeting, but it had already been given to Lima. Youngstown was also ready and willing to entertain the convention again. Toledo made a similar offer a year ago when Portsmouth was voted as the next meeting place. At that time all delegates assured Chief McOnat and Charles Wilson, chairman of the city council fire committee, that they would come to Portsmouth. Friction between the Pipe Fitters' Association and the Firemen's Association is believed to have played up small part in causing the small attendance here.

Loads Of Fun At Geeks Indoor Fair

Unquestionably one of the most popular places of amusement these days is the Geeks' Indoor Fair, which is being held in the District hall, Seventh and Chillicothe streets. The crowd last night was the largest of the week and splendid attendance is looked for during the balance of the week. The Musical Gilberts, who made such a favorable impression at the Fair on Tuesday night, will be on tonight's program. Eugene Lane, a clever all-round entertainer, will give one of his inimitable monologues tonight. Don't pass up the Geeks' rolling Fair. There is something doing there all the time.

ELEVEN BRIDGE SPANS GO OUT

Three more spans of the temporary bridge went out about dusk Wednesday evening, making a total of eleven spans torn out by the swift waters of the Scioto river.

The bridge will now have to be practically rebuilt. Henry Ruel already has forty some piling on the ground and will begin driving them as soon as conditions permit. The river was still running out strongly Thursday afternoon.

TAFT WON'T BE IN RACE

Columbus, Sept. 9.—Former President Taft told Newton M. OBITUARY

Janet Lynn

Death is always sad but doubly so when it removes an only child and the ray of sunshine in a household and the entire community therefore sympathizes with Undertaker Roy Lynn and his good wife, whose little four year old daughter, Janet, passed away Thursday afternoon at 3 o'clock. The winsome little miss had battled bravely against great odds and for a time there were faint hopes for her recovery, but her condition took a turn for the worse. Everything known to medical science was employed by attending physicians who worked heroically to save the little one's life, but it was not to be. She was stricken several weeks ago with typhoid fever and immediately developed serious complications.

Garnet Irene Carmichael
Garnet Irene Carmichael, baby daughter of Mr. and Mrs. Theopha Carmichael of Linwood addition, Sciotoville, died at noon Wednesday of stomach trouble.

The deceased was born July 17, being seven weeks and four days old. Besides the father and mother three brothers, Lawrence, Ralph and Charles and one sister, Emma Ruth, are left to mourn the death. Funeral services will be held from the home at one o'clock Friday. Interment in Wheelersburg cemetery.

THREE LOCAL SALOONS MAY HAVE TO CLOSE OWING TO RULING

Three local saloons may be affected by the ruling of Attorney-General Turner on the law prohibiting saloons within two hundred feet of school houses in the residence districts, made public Wednesday afternoon, according to the Scioto County Liquor Licensing Commission. The three are Albert Maier's place, Fifth and Market; Julius Arbogast, Eleventh and Findlay, and The Twentieth Century saloon, corner of Eleventh and Railroad streets.

CRACK PLAYER BACK HOME

Earl Smith, star left-fielder of the Omaha, Neb., Western League team this season, arrived home Wednesday night, the season having closed. He will spend the winter with his father, Sheriff E. W. Smith.

Omaha finished fourth in the race, making a whirlwind finish by winning seventeen out of the last twenty-two games played. Before that, they were anchored in the sixth hole. The Moines won the pennant, winning in first place from the middle of June until the close of the season.

Earl closed the season with a batting average of .260 and was rated as one of the best outfielders in the circuit.

Billy Sunday, opened an evangelistic campaign in Omaha last Sunday and preached the Labor Day afternoon sermon. According to young Smith, he got by in great shape.

Dan Labold And The Mayor Stage Verbal Clash Over Appropriation; Milk Inspector Makes His Report

The regular monthly meeting of the board of health Wednesday afternoon was featured by a rather caustic verbal clash between Mayor Frick and Dan Labold, member of the board, who staged an argument over the low appropriation given the board by the budget commission in past years.

Dr. J. W. Dachler was elected to serve as dairy and milk inspector for the remaining four months of this year for the paltry sum of \$12.50, this being the amount left of the appropriation for milk inspector's salary. Dr. Dachler had been receiving \$75 per month.

Verbal Battle Opened By Labold It was the sum of \$112.50 that started the rumpus. Mr. Labold opened the "battle" after Dr. Dachler's monthly report was read and approved showing that a number of dairymen were supplying the citizens with milk that was below the standard set by the local health board several years ago. The small sum left for paying Dr. Dachler would not permit him continuing at a salary of \$75 per month and after such a rigid examination was made of dairies the past month the members decided that the work of inspection would have to be kept up to accomplish any good.

Mr. Labold decided that it was part of the fault of Mayor Frick that the board of health's appropriation was not larger and it was along this line he aimed his gun. Mr. Labold said the mayor never used his influence as an officer of the board of health to have the board's appropriations increased to meet the needs of such an important body.

According to Mr. Labold the appropriation is about used up by salaries which leaves but little on hand for making other sanitary work. He cited that the city is growing and as the city grows the appropriation should be increased.

Mayor Frick put himself in the clear at the start by explaining that he was not a member of the budget commission and that Mr. Labold should not expect him to have any influence with the commission which is composed of the county auditor, county treasurer and prosecuting attorney. This did not seem clear to Mr. Labold, who insisted that the mayor should have tried his best to have the appropriation increased when he was a member of the commission several years ago.

Mayor Says Labold Is Fighting Him

Mr. Frick let Mr. Labold complete his talk before he took the floor in his defense in which he said that Mr. Labold had been fighting him since he (Labold) became a member of the board and that he had tried to show him up several times. One time being in the city physician trouble of several months ago. The mayor said that he was not opposed to the milk inspections and that if conditions at restaurants and other places where milk is sold demanded rigid inspection frequently that a member of the state dairy and food commission could be called upon to come to the city

WANT COAL RATES ON N. & W. READJUSTED

Washington, Sept. 9.—Presidents of the larger Eastern railroads conferred today with Commissioner Clarke, of the Interstate Commerce Commission, regarding a desired readjustment of rates on coal from the bituminous fields of Pennsylvania, Ohio, West Virginia, Kentucky and Maryland to the lower Lake Erie ports.

Parties are said to have opened negotiations through a local real-estate firm for the purchase of the Leopold Walters farm in Clay township for \$15,000. Mr. Walters, when asked by the Times, said he had not yet been approached concerning the deal, although a man had called to see him at his home during his absence Thursday morning.

Miss Marie, a daughter of Mr. and Mrs. Fred W. Hunter, of Second street, is suffering with a severe attack of quinsy.

Not merely a Tooth Cleanser—it also Fights Pyorrhea

YOUR paste, powder or liquid ought to do more than just clean your teeth. It should help the teeth to resist dangerous Pyorrhea (Riggs Disease).

Sozodont now contains the famous Emetine, which physicians are using in the treatment of Pyorrhea.

Therefore, brush your teeth daily with Sozodont, for it not only cleans, whitens, polishes the teeth and refreshes the breath with its cool refreshing taste, but in addition fights Pyorrhea.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, trouble, heart, alimony, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, O. Office Phone 50.

Will the woman with a six-months-old baby who had a question in this column Wednesday evening, asking for work please phone me on No. 60?

Dear Miss Wise—I want to ask you a question as it worries me. A little bird flew in my kitchen a long time ago and Saturday morning another one flew in and I have always heard people say it is sign of death. As you help everybody and so maybe you can help me. I am worried about it. **WORRIED WIFE.**

It isn't a sign of anything, so forget it. Sometimes a bird will fly in a window or door by accident, but it is always glad to get out again.

Dear Miss Wise—I was thinking I would like to be a trained nurse but the sight of blood always makes me faint. Do you think I would get used to such things after I was in a hospital a short while?

ANXIOUS MAGGIE.
I think you would Maggie. However there are some people in whom the sickness at the sight of blood is elemental, and cannot be overcome, but these people are not in the majority by any means, and it is very probable that you could force yourself to get over the feeling. Almost all nurses, as well as internes, get sick at the first operation they witness, but quickly get over this tendency.

Dear Miss Wise—I am twenty years old and I am in love with a farmer. Do you think I ought

TIMES SERVICE PATTERN 1404

1404. A popular style. Junior Suspender Dress, with guimpes, in high or low neck outline and having two styles of sleeve.

All the girls are wearing suspender dresses, and there certainly is no style so simple and so effective for outing or general wear. The model here portrayed was made of striped cotton voile in brown and white, with white crepe de chine for the guimpes. In tulle, gingham, rattice, crepe, linen or lincene this style is equally pleasing. If preferred the suspenders may be omitted. The pattern is cut in 3 sizes; 12, 14 and 16 years. It requires 2 1/2 yards of 44-inch material for a 14 year size.

A pattern of this illustration mailed to any address on receipt of 10c in silver or stamps.

Orders for patterns are forwarded to New York to be filled, hence it requires several days for the pattern to reach the purchaser. Patterns can not be ordered by telephone. Do not use postage stamps for larger denomination than two cents.

CAUTION—Order adult patterns by number of pattern, giving bust measure for waist patterns, and waist measure for skirt patterns. For Misses and Children give number of pattern and age only.

to marry him, as I have always lived in the city and know nothing of country life?

PEGGY.
The chances are that a city girl of twenty who knows nothing of country life could not be happy as a farmer's wife.

Dear Dolly.—Will you please give me a recipe for making "Hot Tamales", also tell me if I spelled the word correctly. **C. K.**

Hot Tamales.—Through a meat chopper run 2 pounds of pork, 2 onions, 3 tomatoes, 4 peppers, 1-4 pound chicken, then cook in as little water as possible for one and a half hours, add seasoning of salt and pepper. Melt 3-4 cupful of lard, add 3 pints of white cornmeal, mix well and add hot water to cover. Cook thoroughly. Soak corn husks in hot water till pliable, lay 3 leaves on flat surface, spread with layers of mush then with meat, roll up, tie securely and steam for one hour. You did not have the word spelled correctly.

Dear Dolly.—I have been going with a girl for quite a while. Have promised each other to go with no others. My position takes me away from her most of my time. When I return friends tell me she was with other fellows. She denies it. Please advise me the proper thing to do. **R. K. B.**

If you can't trust the girl to the extent of believing what she says why do you want to go with her. My advice is to not pay any attention to the gossip of jealous busy-bodies. If you are not engaged you have no right to monopolize her time. If I were she I would go out with other young men if I were inclined to do so, whether you were in town or not. You should have the same privilege. If you are engaged of course she ought not to go with other men if you object.

Dear Miss Wise.—I am a girl nineteen years old and have a sister fifteen. I have been keeping company with a young man for over four months. When he calls my sister helps entertain him. Now, I don't mind that, but don't you think she ought to go to bed at nine or half past? She thinks it is very improper for me to be left alone with him. She is also a little tense and is always telling things that I have said about him, some of which are embarrassing. **MARY.**

Your mother ought to keep your sister from annoying you. You are old enough to do your own entertaining and if you need a chaperon it should be your mother. Of course your sister ought to go to bed by 9:30.

Dear Miss Wise.—Please print a simple recipe for fruit salad. **MARY JANE.**

Soak and prepare two quarts of gelatine, according to the directions on the package. While

COCONUT OIL FINE FOR WASHING HAIR

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain coconut oil (which is pure and entirely greaseless) is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get multifaceted coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

warm add three oranges, cut into small pieces and 4 sliced bananas. Then add two cups of English walnuts and one cup of sugar. Stir together well and serve in molds or in oranges. This salad may be served with lettuce or as a dessert. To serve in the oranges cut off a small cap of the orange, scoop out the pulp and inside place the fruit or any desired mixture.

Dear Miss Wise.—My sister persists in bringing her company in after she has been to a dance or a show, and playing the piano and singing until eleven-thirty, or later. Do you believe this is necessary? She says if a man isn't asked to come in after he has taken a girl some place, that he won't come back. Do you believe she is to be blamed, or the man who takes her?

BLAZE EYES.
It is altogether unnecessary for a man to be asked in after he has taken a girl any place if it is late when they come home. He shouldn't expect it, but if he does, a girl needn't have any hesitation about telling him it is too late. It is a very simple matter to say, if he acts as though he expected to come in, "I am sorry it is too late to ask you in, but I should be glad to have you call soon and spend the evening with me." A man to whom such a statement would antagonize is not worth a girl's wasting her time on.

Dear Miss Wise.—I was recently given enough white serge to make a dress. I have no use for an elaborate dress and could you suggest an appropriate style and trimming?

Select a good, conservative design and let your trimming be broad, white silk military braid and round bone buttons. This would make you a dress that is appropriate for almost any occasion.

Dear Dolly.—I am a young girl almost twenty years of age and I am in love with a fellow a little older. He used to ask if he could come to see me and I always refused to let him. Then he asked if I would accept him as a friend, which I did. Now I think I would like to have him come up to our house. What shall I do? Shall I ask him to come, as I think he will never ask to come again? **HELEN.**

Be pleasant to the young man when you meet him and if he seems eager to renew the friendship, ask him to call some evening, not stating any particular date. If he then shows no particular desire to call, do not ask him a second time.

Women's New Tailored Suits Ready For Your Choosing!

If these women's suits were cut, fashioned and made in the ordinary way there would be no story to tell concerning them, or nothing to enthuse over. But if you will examine the suits themselves you will see that every detail of the tailoring is too good for criticism. All this is not an accident.

Their maker has access to designs of many of the highest priced suits tailored in America. By adopting something from many, these suits show many touches of distinction which ordinary suits will be minus of.

YOUR CRITICAL EXAMINATION OF THIS SPLENDID LINE OF SUITS WILL ONLY ILLUMINATE THEIR VIRTUES.

Popular among the fabrics are: Gabardines, Poptins, Broadcloths and Velvets. The coats are often semi-fitting and Norfolk styles are prominent, many of the jackets possessing belts. The military effects are, as would be supposed, quite prominent, and are indeed attractive.

The prominent shades are Navy, African Brown, Russian Green and of course Black. Considerable fur trimming is in evidence and often attractive suits will disclose considerable braiding.

Taken in all, we believe that the new style suits it is our privilege to show at this time will strike the chord of popularity in Portsmouth as it has in the Eastern cities.

Rev. Dunning Against The Sunday "Movies"

Editor of The Times:

Knowing the ability of the Times to reach the ears of the people, I venture to ask space for the following communication which I wish to place before the citizens of Portsmouth.

"I notice in papers of Tuesday that the managers of some of our motion picture houses are endeavoring to get an ordinance opening the 'movies' on Sundays. This movement should meet the instant opposition of all citizens who are interested in the welfare of Portsmouth, and who desire not only to make it a greater but a better city.

"I firmly believe in motion pictures as a popular means of entertainment, and have installed them as a part of my church's program. Our motion picture theatres have in the main been most excellently managed. They are well patronized and supported by the Christian people of the city and are an institution everyone should like to see continued.

"To inject them into the Sabbath life of our people, however, is not only to lower their own standard, but is a direct blow at the religious life of the community. The first problem of a city is the making of good citizens. Sunday is the only day the churches and Sunday schools have of reaching the ears of the young with the moral and spiritual lessons so essential to good citizenship. Portsmouth has become noted for its Sunday schools and for its well attended Sabbath evening services. The greatest difficulty in reaching the young has been the rapid multiplication of pleasures. To open the theatres on this day will be to demoralize this work here. I have the testimony of hundreds of pastors and Sunday school superintendents in other cities where this has happened.

"The proposed ordinance also strikes a blow at labor. For years the workers have fought for shorter hours and for the Sunday rest. This movement for Sunday pictures is a part of the program of the film manufacturing corporations for larger profits, and will force thousands of workers to lose their Sunday rest. In many Eastern cities, through the influence of the labor unions, Sunday pictures have been closed in the past few months. Opening the motion pictures on Sunday will only be a step toward giving the masters added power to fasten their chains on the workers. The thoughtless cannot have their Sunday pleasures, nor the rich their Sunday profits, without placing an added burden on those who have to toil.

"Anything that thus curtails the moral and religious forces of a community, and puts added burdens on the workers should meet the instant opposition of all good citizens.

"The theatres are open day and night for six days and there is not a citizen who does not have ample opportunity to patronize them during these hours. There is absolutely no justification for opening them on Sunday.

"The only reason the proposal is made is the commercial greed of a few who will profit by Sunday patronage.

"Recuse some other cities have Sunday movies is no reason for our having them. I have always believed that Portsmouth is a better city than other cities, and I think civic pride should keep it so.

"I do not see how Christians interested in the spiritual welfare of Portsmouth, nor laboring men interested in the welfare of the workers can do else than take a firm stand against the proposed ordinance.

"JOHN W. DUNNING."

BACKACHE KILLS!

Don't make the fatal mistake of neglecting what may seem to be a "simple little backache." There isn't any such thing. It may be the first warning that your kidneys are not working properly, and throwing off the poisons as they should. If this is the case, go after the cause of that backache and do it quickly, or you may find yourself in the grip of an incurable disease.

GOLD MEDAL Haaslem Oil Capsules give almost immediate relief from kidney and bladder troubles, which may be the unsuspected cause of general ill health. GOLD MEDAL Haaslem Oil Capsules are imported direct from the laboratories in Holland. They are prepared in correct quantity and convenient form to take, and are positively guaranteed to give prompt relief, or your money will be refunded. Get them at any drug store, but be sure to insist on the GOLD MEDAL brand, and take no other. Prices 25c, 50c and \$1.00.

THE RED ROSE OF PARADISE REVEAL'D

By Leora Irene Houston.

(One of the legends affirms that young Eve, wandering in the bowers of Eden, marked an "opening rose of purest white"; and that stooping to kiss it, straight it drew from beauty's lip the vermeil hue.)

Floated out upon the eastern skies,
The yellow hair of morn;
And glowing bright Aurora's cheek
Is crimsoned with the dawn.

Of Eden's bowers the fairy queen,
As light as timid fawn,
Comes bounding o'er the velvet green,
To greet the early dawn.

A sheath of golden sun-rays falls
Althwart her smiling path;
They dance upon the fountain wave,
Whose merry waters laugh.

Out from the olive branch so green
Now coos the gentle dove;
But sings on yonder orange bough,
The bird fair Eve doth love.

Though clustering leaves and flowers
Conceal its plumage gay,
The music of those wild sweet notes
She knows that witching lay.

"Sweet bird of paradise," she calls,
Beneath the orange bough;
And glad some in her tiny hand
The bird sits trembling now.

Its silvery pinions tip with gold,
And gaily
It winsome folds to rest:

Its little breast half timid throbs
Beneath its scarlet vest.

Where yonder flowering amaranth
Ergues life's stately tree,
Woven mid fragrant snow-white flowers,
The bird its nest doth see.

Now away with its garish song,
Light as the zephyr floats:
The lovely bird, nestled at home,
Pours forth its sweetest notes.

The tall tree and its golden fruit,
The silver blossoms fair,
The bird perched on its curious nest,
Say, which is loveliest there?

Lured 'neath its enchanted shade,
Upon a flowery mound,
She graceful kneels, the fairest gem
Of Eden's bowers she's found.

There, bursting from its emerald leaves,
A "rose of purest white";
Upon its snowy bosom wore
A dewdrop glittering bright.

To kiss the rose of paradise,
Eve bowed her lovely head;
It stole the vermeil from her lip,
And blushed a rosy red.

Cofferdam Wrecked

Maysville, Ky., Sept. 9.—The large cofferdam that was placed in position two hundred feet across the channel at the Government dam being built here, was washed out and completely wrecked by the sudden rise in the river here. The loss to the contractors will be about \$1,200.

HAS RESPECT FOR AGE BUT THERE IS LIMIT TO EVERYTHING

"I have respect for old age, and particularly an old soldier, but I just had to throw him out, too," said Mrs. Van Delott in telling the police how she ejected her husband, "Valler" Delott, and a G. A. R. veteran he had brought home with him for a carousal. She said she had just moved from the North End to No. 1110 Front street, and could not be bothered with the presence of two drunken men. Delott was locked up on a charge of drunkenness and disorderly conduct.

WILL HIKE TO DAYTON

Roy Jackson, the hustling young Western Union messenger, started out on foot Thursday morning for Dayton, where he will visit relatives and friends for a few days. Roy is some "hiker," having walked from New York City to Chillicothe last fall in 31 days. He expects to walk from Dayton to Portsmouth after he has concluded his visit.

Former Minister In Court At Columbus

Concerning the court troubles in which a former Portsmouth minister, Rev. W. C. Stevenson, is involved at Columbus, the State Journal of that city has the following to say:

"Other Baptist congregations of the city, it was said yesterday, shortly will exert themselves to pour oil on the troubled waters, and, if possible, prevent a court hearing of the case which was started Saturday, when persons acting for Glibbard Avenue Baptist church obtained an injunction against Rev. W. C. Stevenson and Russell Street Baptist church, restraining them from interfering in any way with the Glibbard Avenue congregation.

"Attorneys spent yesterday, however, in preparing the case. A petition was circulated yesterday and signed by at least a majority and probably 50 of the 70 members of the Glibbard Avenue organization, in which they disclaim any interest in the action at law or that it was taken with their consent or approval. They also say that they have no wish to sever their connections with the parent church.

"Russell Street Baptists dispute the claim of the Glibbard Avenue organization that it is self-supporting. They say that of the \$1000 voted Rev. Moses

Like The Proverbial Arab, "The Headaches Have Departed", "It Is Wonderful", Says Mrs. Nola Hannah

Real gratitude for relief from weary days and months of suffering brings daily, the expression of heartfelt thankfulness for the advent of "The Master Medicine."

Mrs. Nola Hannah, 1114 Findlay street, Portsmouth, is one of the great number of this city's best people who are "taking Tanale" and receiving remarkable results. Mrs. Hannah says: "Headaches that have been my one misery from time immemorial, it seems, have completely left me since I have begun the Tanale treatment. It seems wonderful that I haven't had headache, not even once in about two weeks. Previous to taking Tanale it was a daily occurrence with me. It was through reading in the papers, how much this medi-

cine had helped another lady living in this city that I was induced to try it, and I sincerely hope others will do likewise. "Ninety-nine per cent of all chronic health is caused by stomach trouble. Constipation, kidney and liver derangement, and blood, nervous debility and even rheumatism, but behind all this is a catarrhal inflammation of the mucous membranes, which is mischievous, some auto-intoxication of the slow self-poisoning of vital organs.

Men and women of unquestioned honesty and integrity, your best friends are testifying daily to the merits of Tanale, which is sold at the Fisher & Streich Pharmacy, Sixth and Chillicothe streets, Portsmouth. Adv.

TAKE SALTS FOR THE KIDNEYS IF YOUR BACK HURTS

We Should Drink Lots of Water and Eat Less Meat, Says Noted Authority on Kidney Disorders

Recommends a Spoonful of Jad Salts In Glass of Water Before Breakfast to Stimulate Kidneys and Eliminate the Uric Acid

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy, the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

City Departments To March In Monster Booster Parade

The mayor made public the following letter Thursday morning: September 9, 1915. Messrs. Albert F. Manning, Chairman, Edward W. Gableman, Secretary, Boosters' Parade, Kora, Carnival Committee, City.

My dear Sirs:—I have the honor to acknowledge receipt of yours of the eighth instant, with special reference to opening the Kora Carnival.

Permit me to advance myself of this occasion to advise that the city's respective departments will be in line on the date mentioned. We ask that you command us either individually or collectively to do anything you may deem of advantage by way of insuring complete success of the coming event.

We are at your service.

Very respectfully,
ADAM FRICK, Mayor.

Two realty transfers filed for record at the recorder's office on Wednesday were the sale of ten acres in Washington township to Silas Howen by Oliver Collins and wife for \$500, and the sale of Lot 16 in Brookdale addition to New Boston to Victoria Cheney by Geo. Bahner for \$475.

Petitions Return.

All referendum petitions circulated in Scioto county this year and later filed with the secretary of state have been returned to the office of the board of elections for inspection by any interested citizens in the county. The public has until September 13th to examine the petitions, after which date they will again be returned to the office of the secretary of state.

Armed Foreigners Terrorize Camp

Three foreigners, filled with "fire-water" and armed with revolvers, entered the camp of Linhart and Dennis, C. & O. grade contractors, back of Sciotoville, Wednesday afternoon, and started to "shoot up the place."

They entered several of the shacks and fired shots through the roof. Luckily no one was in the shacks.

Squire Basham, of Sciotoville, was notified and deputized Eugene Ketter and Herbert Reynolds to arrest the trio. The young men found two of the foreigners, who were arraigned before Squire Basham, but no evidence was found against them they were released.

YOUNGEST TIMES SUBSCRIBER

Lawrence John Breen enjoys the distinction of being the youngest subscriber to the Portsmouth Times. Lawrence John came into this life Tuesday night and is the first born of J. M. Breen and wife, Agnes Flannigan, formerly of this city, the interesting event occurring at their home, 37 North Poplar street, Chillicothe. Wednesday's mail brought a one dollar subscription from him for the Times and incidentally John F. Flannigan, well known local coal dealer, becomes a grand daddy.

Mr. Breen, father of the new baby, was chief clerk to J. B. Conners when the latter was division superintendent of the N. & W. railway here. For some years past he has been engaged in the coal, lime, sand and cement business in his native city.

N. & W. MAKES RECORD

Local officials of the Norfolk and Western Railway were notified yesterday that their line had made a new record in connection with the heavy shipments of coal sent out from Norfolk, Va., and vicinity. In one day, from the piers of the road at Lambert's Point, 45,500 tons were dumped during the 20 working hours. Coal shipments from Hampton Roads in August were 1,561,284 tons, divided as follows: Norfolk and Western, 790,860; Chesapeake and Ohio, 467,147; Virginian, 303,277 tons. Coal is being exported chiefly to the Mediterranean and South American ports.

MAYOR FRICK "TELLS" LEAGUE

The National Security League is not altogether satisfied with the number of responses it has received from Portsmouth and is again asking the co-operation of the mayor in forming a local branch. To this the mayor has replied as follows: "Permit me to say that if your purposes are to prepare for an engagement with any other sub-division of this nation we are not interested in your cause."

WAR MULES VIA C. & O.

Covington, Ky., Sept. 9.—An official of the C. & O. railroad yesterday said that at least 1,000,000 horses and mules have been shipped over that system to the Atlantic coast, to be sent to Europe. On an average about 22 cars pass through Covington daily, it is said. Many of the animals die en route to Europe, and it is estimated that the ones placed in war service live, on an average, 15 days.

Not Philanthropy

But a few days ago the news, which we are sure is altogether pleasant to every citizen of Portsmouth, was given out that the first rails on the traction line, between Portsmouth and Tronton, had been laid.

This presages that in a matter of two or three months cars will actually be running between the cities and pass down and up on the principal streets of our town.

We believe this visible proof of progress will be of fine benefit to the business and social life of this town particularly, and, of course, we expect the approval of the public, as we ask its support and patronage of our part therein.

No matter how generous may be this support and approval we can not expect a profit from the venture for many years to come. We do not, however, wish to have it regarded as a purely philanthropic undertaking. We are building for the future and the surest foundation we can lay upon is the good will of the public. We believe if the public be rightly treated, if a corporation or business promotes the prosperity of the community on an honorable and fair basis the community will meet more than half way and respond willingly in its own part.

So in giving our end of the traction service, it shall be our endeavor to carry into it the same spirit and the same efficiency that it has been our constant work to put into our local traffic. We are rather proud of the latter and we do not wish it to be connected with anything of a like kind that is inferior and it will be our aim at all times to make the traction service, just so far as we can, entirely satisfactory.

Yes, that service is going to develop obstacles in itself to start with and doubtless meet with its setbacks. But it is going to be started and operated with the right spirit and we are sure, and in a short time at that, it will be running smoothly and with entire efficiency. Meantime we confidently ask the public to bear patiently with such short comings as may be developed until these have been ironed out.

Couple Charged With Trying To Beat Board Bill, Get Away

Wilson L. Liston, of No. 213 Washington street, filed an affidavit in the mayor's court Thursday morning against one Paul Todd and wife, Ada Todd, alleging they had defrauded him of a \$30 board bill.

Mr. Liston reported to Police Capt. Grant Cooper that the couple skipped out at midnight Wednesday, smuggling their trunks from the house and carrying them to Third and Washington streets, from which corner an Interstate Transfer Company baggage wagon removed them to the depot. He found that the trunks were checked through to Huntington, W. Va.

Mr. Liston said he and wife had become suspicious of the couple and kept close watch upon them, refusing their request to remove their trunks to the home of "friends" Wednesday. They claimed to have received word that a \$30 check they had been expecting ever since engaging accommodations at the Liston home two weeks ago, was on the way. Todd claimed to hail from Illinois and said he came here to take a clerical position at the N. & W. freight depot, but did not work a single day since his arrival.

Capt. Cooper is unable to act upon the affidavit now that the couple is in another state, but will communicate with the Huntington authorities to keep them under surveillance.

Mrs. Jack Allen, who has been critically ill with diphtheria at her home 1528 Third street, is on the mend.

State President Made Fine Address

Mr. Rue Vaughn, state president of the Young People's branch of the Women's Christian Temperance Union, favored the interested members of the East Portsmouth Y. P. B. with his presence and inspiring words last evening at the home of Rev. W. W. Crabtree on McCannell avenue.

Mr. Vaughn related many incidents relative to the work of the organization and "drove home" helpful thoughts for the betterment of the local branches. His talk was featured by making himself the "bureau of information" upon whom those present poured out their questions. Following the discussions he favored his hearers with a vocal and piano number.

Mr. Vaughn is a hustler and during his short stay has greatly impressed the Young People's Branches with the greatness of their undertaking. He found local conditions in much better condition than one year ago. He left for Columbus early Thursday morning.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't stay gray! Here's a simple recipe that anybody can apply with a hair brush.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautiful, dark, glossy, and abundant. Whenever her hair fell out or took on that fall, faded, streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking for any drug store for a 50 cent bottle of "Wells' Sage and Sulphur Compound," you will get this famous old recipe which has been depended upon for a century to give color and beauty to the hair and is applied for dandruff, dry, feverish, itchy scalp and falling hair. A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair appears, and after another application the two, it becomes beautifully dark, glossy, soft and abundant.

School Children Can't Afford Handicaps

In a remarkable test, recently made under the supervision of the State Board of Health of Minnesota, over 9000 school children were questioned as to what they ate for breakfast.

A large percentage of the breakfasts consisted of coffee, bread and butter; coffee and oatmeal or some other cereal; coffee and hotcakes; coffee and biscuits; coffee and coffee cake, or coffee alone. Probably the same conditions prevail everywhere throughout the country.

"IS IT ANY WONDER," SAYS THE EXAMINING PHYSICIAN, "THAT 23 PER CENT OF THESE CHILDREN HAVE FREQUENT HEADACHES?"

He was thinking of the chief cause—coffee. And it IS no wonder when we consider that coffee contains the powerful drug, caffeine, a nerve poison and notorious cause of headaches, heart trouble, sleeplessness, irritation, and other ills!

Parents often wonder why their children are sickly, dull and backward in school, when frequently the cause lies in the homely, accepted habit of giving them a beverage containing an insidious poison.

When scientists and Boards of Health everywhere are speaking out against the dietetic dangers to which children have been so long subjected, it is high time that parents take heed and correct these conditions. No child should be permitted to use coffee. It is easy to furnish them instead the pleasant, pure food-drink—

ROB, MURDER WEALTHY WOMAN

MEN TEAR JEWELS FROM WIDOW'S BODY

New York, Sept. 9.—Half the police detectives in New York were at work today trying to find who murdered Mrs. Elizabeth Nichols, a wealthy widow and robbed her of a small fortune in jewels. Mrs. Nichols after a desperate struggle was strangled to death about 9 o'clock last night in her home on E. Seventy-ninth street, just off Fifth avenue in the heart of the millionaire residence district.

The murderers stripped diamonds from the woman's fingers and tore valuable jewels from her ears. "It was reported that they carried away a strong box containing jewels worth several hundred thousand dollars. It was known Mrs. Nichols' collection of jewels was worth nearly half a million dollars.

The murdered woman was the widow of James E. Nichols, one of the founders of the wholesale grocery house of Austin, Nichols and Company. She was 60 years

U. S. CANCELS PASSPORT OF REPORTER WHO ACTED AS DUMBA'S MESSENGER

Washington, Sept. 9.—Secretary Lansing has cancelled the passports of James F. J. Archibald, the American correspondent upon whom British secret service men found communications from Dr. Constantin Dumba, the Austro-Hungarian ambassador to his foreign office on the subject of fomenting strikes in American munitions plants.

Archibald now is at Rotterdam and American minister Van Dyke has been instructed to issue an emergency passport to permit his return to the United States when the department of justice probably will be called on to decide if he has violated any law of the United States in acting as a messenger for one of the European belligerents.

Cancellation of Archibald's passport is the first official action in a diplomatic situation which it has been suggested might possibly extend so far as to cause the departure of Dr. Dumba from this country.

American government officials were amazed at the disclosure which followed Archibald's detention at Palmouth. Dr. Dumba has made his explanation to Secretary Lansing saying the only instructions from his government was to give widest publicity to the decree announcing enforcement of the Austro-Hungarian penal code against subjects who engaged in manufacture of war munitions for their country's enemies. He contended he was fully within his rights in warning his countrymen.

Yesterday President Wilson conferred with Secretary Lansing and Dr. Dumba departed for his summer embassy at Lenox, Mass., to await news of this government's decision which it is understood will not be reached until more documentary evidence comes from London.

Officials of the state department and the department of justice are now making some preliminary investigations which may decide what further action, if any, may be taken in Archibald's case.

GERMANY COMMENTS ON DUKE'S REMOVAL

Berlin, Sept. 9 (via London).—The removal of Grand Duke Nicholas from the position of commander in chief of the Russian armies is the text of long articles in Berlin newspaper this morning.

The Tageblatt says the "grand duke was removed because, notwithstanding his undeniable gifts in the strategy of retreating, he bears the responsibility for the Russian catastrophes in Poland and Galicia, his influence being shattered in consequence."

A view more frequently expressed is that the retirement of the grand duke was dictated by political reasons and aimed particularly at the party represented by the present Russian government which had grown too strong. The Lokal Anzeiger says the displacement of the grand duke removes the government party's strongest supporter and means a less to the army which saw in him the appointed leader. This newspaper says a frank and generous tribute to the former commander in chief as a brave and honorable enemy and able leader.

The Morgenpost on the other hand terms Grand Duke Nicholas "a brutal and bloody man, without leadership talent" and "a destroyer of his army, his land and his people." It adds that the moment demands a leader of titanic strength.

Archibald, the American correspondent upon whom British secret service men found communications from Dr. Constantin Dumba, the Austro-Hungarian ambassador to his foreign office on the subject of fomenting strikes in American munitions plants.

Archibald now is at Rotterdam and American minister Van Dyke has been instructed to issue an emergency passport to permit his return to the United States when the department of justice probably will be called on to decide if he has violated any law of the United States in acting as a messenger for one of the European belligerents.

Cancellation of Archibald's passport is the first official action in a diplomatic situation which it has been suggested might possibly extend so far as to cause the departure of Dr. Dumba from this country.

American government officials were amazed at the disclosure which followed Archibald's detention at Palmouth. Dr. Dumba has made his explanation to Secretary Lansing saying the only instructions from his government was to give widest publicity to the decree announcing enforcement of the Austro-Hungarian penal code against subjects who engaged in manufacture of war munitions for their country's enemies. He contended he was fully within his rights in warning his countrymen.

Yesterday President Wilson conferred with Secretary Lansing and Dr. Dumba departed for his summer embassy at Lenox, Mass., to await news of this government's decision which it is understood will not be reached until more documentary evidence comes from London.

Officials of the state department and the department of justice are now making some preliminary investigations which may decide what further action, if any, may be taken in Archibald's case.

Democrat Given State Board Contract

Columbus, Sept. 9.—W. H. Weyrich, Democrat, of Dayton, whose position as engineer of construction, Board of Public Works, terminated last week because of the failure of the legislature to make an appropriation to continue, has been engaged by the state board of agriculture to supervise the construction of the

Dr. Thomas H. Norton, the federal dye expert and head of the dye stuff bureau established by the department of commerce, has just gone to New York to begin supervising the development of the dye stuff industry of the United States. Dr. Norton says the United States is now on the eve of a great awakening in the making of dyes and that it is his opinion that when the war in Europe is over this country will be in a position to supply all of Europe with just as good dyes as Germany has been sending here.

Grand Duke Starts For His New Post

London, Sept. 9.—A Russian dispatch from Petrograd says that Grand Duke Nicholas and his headquarters staff started for the Caucasus last evening. Emperor Nicholas went to the railroad station to say farewell to the new viceroy.

REDUCES WORKING HOURS IN FACTORY

Toledo, Sept. 9.—The Warner Manufacturing Company, extensive manufacturers of automobile parts, announced today that the company would reduce the working hours at its plant to 48 hours per week during October with no change in the scale of wages. The reduction is voluntary and is being made as an experiment. Citing to strong competition, it is said, the men must produce the same results in 48 hours as employees at other plants do in 60.

SAYS RUSSIANS CAN MAKE QUIET RETREAT

London, Sept. 9.—Commenting upon the changes in the Russian high commands, the military expert of the Times says that short of some serious mistakes which the Grand Duke hitherto has shown, no sign of making the Russians can now carry on an orderly and quiet retreat, fighting where they please and for as long as it pleases them, until the wet season imposes a halt on their enemies.

The correspondent declares he fails to understand why a mass of Austrian troops was kept quiescent in Galicia during two critical months, instead of being transferred to the Vilna front for the profit of the decisive operation there. He considers that in this the Germans showed poor strategy and throw away an opportunity which may never recur.

The Petrograd correspondent of the Times thinks the appointment of General Polivanoff, minister of war, as premier, will be announced soon and points out that the Imperial order coincides with the beginning of a solemn fast ordained by the holy synod which adds solemnity to a historical event. Other papers suggest that the appointment of the Grand Duke as commander-in-chief in the Caucasus implies a new and vigorous offensive against Turkey.

The Post's Petrograd correspondent declares it is no secret that many attempts have been made through Teutonic instigation to remove the Grand Duke from his command by violence and explains that masterly as the Russian retirement has been, a retreat does not appeal to the public mind. Hence, he says, it may be supposed that the emperor's action was to unite the entire nation in carrying on the war.

MAKE EFFORT TO END CAR STRIKE

Albany, N. Y., Sept. 9.—Efforts to end the strike of employees of the United Traction Company in Albany, Troy and surrounding towns were to be made today at a meeting of representatives of the commercial clubs of Albany and Troy, to be held here. Representatives of the company and the strikers were invited to attend the conference.

Wm. B. Fitzgerald, chairman of the executive committee of the Amalgamated Association of Street and Electric Railway Employees, was expected to arrive in Albany early in the day. Union leaders said Mr. Fitzgerald was coming as the personal representative of President Wm. D. Mahon.

Local leaders of the strikers declared that they expected Mr. Fitzgerald to make an effort to reach an agreement with the company.

GENERAL IS ASSIGNED TO FIELD COMMAND

Berlin, Sept. 9 (via London).—General Friedrich A. J. Von Bernhardi has been assigned to a field command at his own request by Emperor William. He has already left for the front.

Gen. Von Bernhardi is one of the best known military writers of Germany. In a book entitled "Germany and the next war," written in 1912, he forecast many of the main features of the present campaigns.

DIRECTUM I TO ATTEMPT RECORD

Hartford, Conn., Sept. 9.—The rally on today's card in the Grand Circuit meeting at Charter Oak track will be the attempt of Directum I, the world's champion pacer, to lower the track record of two minutes flat made by Star Pointer in 1899. Tommy Murphy will hold the reins over the pacer. The track is in good shape for the trial.

Other events carded are the 3:14 trot with seventeen eligibles, and the 2:31 trot with twenty-five, paid-up entrants, each race for a \$2,000 purse. Some close heats in these races were looked for.

GEIGER APPOINTED

Columbus, Sept. 9.—Franklin T. Geiger, school superintendent, of Canal Dover, a Republican, was appointed a member of the state board of school examiners today by Frank W. Miller, state school superintendent. The term is for five years, with no salary. He takes the place of C. J. Biery, of Wauson, a Democrat.

There are five members on the board, two being Republicans and three Democrats. The board conducts examinations of teachers for life certificates.

AWAIT GERMANY'S NOTE ON ARABIC

Washington, Sept. 9.—Germany's note explaining the sinking of the White Star liner Arabic, with the loss of American lives, was awaited today by administration officials who declined to comment on versions of its text contained in Berlin press dispatches.

The note delivered by the Berlin foreign office to Ambassador Gerdard, Tuesday, was understood to ascribe the destruction of the liner to a submarine to self-defense, express regret over the loss of American lives and to propose to refer to The Hague questions of reparation and compensation.

Assurances previously had been expressed by Ambassador Von Bernstorff that full satisfaction would be given in connection with the Arabic's destruction. While officials thought the submarine commander's explanation appeared convincing, it was made known that judgment would not be passed until the official text of the note had been received here and decided.

Say Neutrals Should Protest World War

Paris, Sept. 9.—Neutral nations are justified in protesting against war because they are its victims in the opinion of Dr. Giuseppe Motta of Switzerland, who expressed his views in a conversation with Etienne Lamy, the French academician. On account of this interview which appears in the Petit Parisien, quotes Dr. Motta as having said:

"The will of neutrals is less respected in time of war," he said. "It is not, then, sufficient that they await the end of the conflict. For their energy has become the proper policy. They have a right to raise their voice against war because they are its victims. It is legitimate for them to unite their influences because they are injured in common, but the hour has not come for that effort. Words, like spent bullets, would glide off the armor of belligerents without penetrating, but armor finally becomes heavy even for the strongest arms."

WILL HONOR RILEY THROUGHOUT INDIANA

Indianapolis, Ind., Sept. 9.—Governor Samuel M. Ralston has issued a proclamation, designating October 7 as Riley Day, and urging the people of the state to set aside the day to honor James Whitcomb Riley, the poet, whom Governor Ralston calls "Indiana's most beloved citizen." Mr. Riley will be 66 years old on October 7.

Ella Wheeler Wilcox (right) and Ruth Helen Davis, at former's summer home, Short Beach, Conn.

Ella Wheeler Wilcox and Ruth Helen Davis have just completed an allegorical play which they have called "Victory." The idea has been taken from the world war now in progress. The play, in which there will be more than one hundred characters, will be produced at "The Anchorage," the magnificent estate of Mrs. Simon Baruch, who is a regent of the Daughters of the American Revolution, at Long Branch, N. J.

WOMAN IS ACTING MAYOR OF BIG CITY

Los Angeles, Calif., Sept. 9.—Miss Estelle Lewton Lindsay, the city's lone council woman, was acting mayor of the city today. Mayor Sebastian having been called "out of town" for today.

This is the first time, as far as known, that a woman has acted as the head of a municipality of the size of Los Angeles.

NORWAY HAS LOST 41 SHIPS IN WAR

Washington, Sept. 9.—Forty-one ships flying the Norwegian flag have been lost since the beginning of the war in Europe, and 76 sailors have perished, according to a report received at the state department today from the American minister at Christiania.

Recent losses had been almost entirely due to torpedoes, the report stated.

GAME TODAY
Portsmouth at Maysville.

(BY LOUIS SCHATZMAN)
Maysville, Ky., Sept. 9.

THE opening game of the post season series between Maysville and Portsmouth was pulled off yesterday afternoon before a fairly large crowd.

The "Burley" Cubs were made the goat of a swat-fest on the part of the Cobblers. For eight innings it looked as though Maysville had the game cinched by a score of three to one. But a miff of an easy pop fly after two were down turned the trick. Up to that time Muck McGraynor was pitching big league ball and had the visitors at his mercy but after that rotten miff he eased up and the visitors scored twelve runs.

Hancock for the visitors pitched a steady game but would have got his under different circumstances.

The locals scored one in the second when DeBerry was safe and took second on Dillhoefer's error. Tipton sacrificed, DeBerry went to third, Kelley singled and DeBerry scored. Kelley out going to second. Henderson flied to Dillhoefer.

The visitors tied it up in the sixth. Dillhoefer walked. Dilts out, McGraynor to Henderson. Sharman singled and Dillhoefer went to third. Johnson flied out to Timin and Dillhoefer scored. Caton popped to Tipton.

In their half of the sixth the Cubs put across two. H. Devore singled. Emmet sacrificed. J. Devore walked. DeBerry singled. Tipton doubled to center and the Devore boys crossed the rubber. And then came that awful eighth. Dilts flied out to Josh. Sharman singled. Johnson singled. Caton out, Tipton to Henderson. McHenry safe when Timin and H. Devore had a collision. Sharman and Johnson scoring. Spencer walked. Bush hit by pitched ball. Hancock singled and McHenry and Spencer scored. Dillhoefer walked. Dilts whaled one to deep center for the circuit, scoring Bush, Hancock and Dillhoefer. Sharman beat out one, stole second and third. Johnson walked. Caton hit one under the right field fence for four sacks, scoring Sharman and Johnson. McHenry doubled. Spencer scored and McHenry scored. Bush flied out to Kelley.

When the smoke of the awful bombardment cleared away Portsmouth had cinched the first game of the titular series by pulling off what without a doubt was one of the greatest batting rallies ever staged on any ball lot. Hit after hit rang off Portsmouth bats and before the inning closed an even dozen Spencers had chased themselves frantically around the base paths. And most of the Portsmouth hits were hard brutal smashes, McGraynor letting down perceptibly. The blow up came as an awful disappointment to local fans as they had settled back for a victory after the Devore boys had scored in the seventh inning.

Homer Cain Was Given Silver Bat

The Lexington Herald says: Today the Colts, after formally disbanded yesterday after the games, assembled again to go to Cincinnati where they meet the fast Cincinnati aggregation, which will play against two of their comrades of the diamond in McMillan at short and Horer in the pitchers' box for the Lexington professionals.

Homer Cain, who secured silver bat and balls for being the Colts' most valuable man, Fred Rinkewitz and others will not return to Lexington, while others of the team will return to say goodbye before making their departure for their hibernating places for the winter.

GETTING READY FOR McFARLAND-GIBBONS BATTLE ON SEPT. 11

Converting Brighton Beach Motorcars into arena for McFarland-Gibbons battle; Packey McFarland at his training camp.

The participants, the arena and the sporting public will soon be all in readiness for the big battle which is to be pulled off between Packey McFarland and Mike Gibbons at the Brighton Beach Motorcars on Sept. 11. The \$25,000 purse is the largest sum of money for which fighters of the McFarland-Gibbons class have ever contended. And the interest of fight fans is quite equal to the size of the purse. William G. Marshall, the promoter of the bout, is not worrying about the financial results of the venture. It is estimated that over 50,000 fans will travel down to Brighton Beach to witness the ten-round scrap.

Among sport fans there is much speculation as to whether McFarland will attempt to win by a knockout. He usually wins his fight by outpointing his man. There's a chance in this battle, however, that if Mike Gibbons hurts McFarland he'll start Packey swinging the K. O.

Fans Discredited Early Report

There was general rejoicing around the city Wednesday evening when the news from Maysville filtered into the old town. Early reports telling of how the Spencer men had piled up 12 runs in one frame was discredited. "Oh it isn't true" was heard on all sides. But later it proved to be deliciously true. And this one big, fat, joy-riding round has given Portsmouth the edge of the series. The team that always wins the first name of a championship series usually wins the majority of games.

Coming from behind has been a great trick with the local team this season, and they showed the Maysville fans how easily apparent defeat can be turned into sweet-scented victory. Go to it, you silver city lads.

Test Vs. French

Maysville, Ky., Sept. 9.—While the managers failed to make any definite announcement of their pitching selections in Battle No. 2 Test no doubt will be the Portsmouth choice and French will be sent in against the student twirler by Josh Devore with Winchell in reserve. The Maysville team will leave here Friday for Portsmouth in order to get a good night's rest for the game Saturday in Millbrook park.

Clarke Will Quit

Pittsburgh, Pa., Sept. 9.—Barney Dreyfuss, president of the Pittsburgh National league baseball club, today announced that Fred Clarke, manager of the club, had resigned and the resignation had been accepted to take effect with the close of the present season. "Clarke has been anxious for some time to give his entire attention to his business interests in Kansas," said Mr. Dreyfuss in announcing the resignation, "and while he hates to leave the game he feels that continuing in it would involve too much of a sacrifice."

MULDOONS AND GIANTS WILL HAVE TEAMS

Two more amateur football elevens have been organized here. Walter "Brownie" Brehrmer who for three seasons past has been at the head of the Giants has again placed himself at the head of a football team that will be known as the Giants.

The Muldoons of last season have been reorganized with Clinton Foster as captain. The majority of last season's Muldoons will play under Foster's leadership.

Brehrmer urges the following players to be present Friday evening at York park when first practice will be held: Wences Ford, Walter Brehrmer, Henry Hensge, Russell Egbert, Oakes David, Scott Duncan, Clarence Sneider, C. Phillips, John Shoemaker, C. Shively, Louis Noel, Theo. Webb, Will Smith, C. Jenkins, Robert Padan, C. Barlett, Wilson, H. McKinney and any others who wish to try for places on the team.

Captain Foster of the Muldoons has called practice for Friday evening at York park. All Muldoons of last season are urged to be present with as many others who wish to make the team.

The Giants issue a challenge to any team for a gridiron battle after Sunday September 19.

ARRESTED FOR BEATING WIFE

Clarence Scott, of No. 1125 Twelfth street, was arrested by Officers Albrecht and Henderson, Wednesday night, on a charge of beating his wife, Mrs. Mary Scott. The woman was covered with blood when the police reached the scene.

Sale Opens Friday

The first game with Maysville here will be pulled off Saturday in Millbrook park. From present indications one of the biggest week-day crowds that ever turned out to see a game here will be on hand to cheer the Spencer men. The advanced sale of seats will be opened Friday morning at the Play House.

M'GRAYNOR OUT OF WAY

With McGraynor out of the way for two or three days Portsmouth should get a flying start in the Maysville series. The team has had no trouble in hitting French or Winchell, but there is no telling what they will do in a big series. They are classy twirlers and may prove the pitching surprises of the series.

FANS WERE HAPPY

President Gahleman, like oodles of other fans clustered around the tickers Wednesday afternoon, could not believe their eyes when the news of the eventual eighth inning was clicked off. A demand was made for a recount. It was hurriedly made and showed that the team had made 12 runs as first tinkered. Then joy broke loose. The news quickly spread through local fandom and the bugs were in the seventh heaven of delight last night.

WATCH THE BRAVES

Watch the Boston Braves! We believe we said this six weeks ago. Again, watch the Braves. They walloped Brooklyn twice Wednesday and are right on the heels of the Phils. The diamond wisecracks claim that the Braves will be in first place in ten days. We shall see.

AS TO CONVENTIONS.

The state convention of the Ohio Firemen's Protective Association, which comes to a close today, was not a success in point of attendance. In fact it was a most decided failure, there being at no time more than eight or ten delegates present. Ordinarily there are from 150 to 200 delegates, in addition to a number of wives and relatives of the delegates, present at these gatherings, but somehow this year's convention seemed to have struck a snag and Portsmouth, by unlucky fate, was the scene of the probable demise of the organization.

We are sorry that there were not more of the firemen of the state in attendance. Elaborate plans for entertainment had been made and we are quite sure that the visitors would have gone away with a high opinion of Portsmouth as a thriving city and as a hospitable host. As it was the few who were here expressed themselves as delighted with their treatment and carried away pleasant impressions of the town and its people.

This organization which held such a slim convention, was primarily one to advance certain legislative and other interests of the firemen themselves. They were active before two or three legislatures in efforts to secure special legislation for their own interests. It may be that the impelling motives have been attained or that they seem impossible of attainment, and that the members have lost interest. Or it may be that other recent conventions had more attraction. Certain it is that the delegates failed to show up here.

We sympathize with Fire Chief McQuat in his dilemma. He had anticipated a good sized attendance and had many assurances as foundation for that belief. Enthusiastic himself, he had worked early and late in an effort to perfect proper plans of entertainment. He had personally solicited funds and so far as he was concerned, he had done his part. The delegates and members failed to do their part and thereby Chief McQuat and his local assistants were placed in a most embarrassing position.

This brings up the whole matter of providing for the entertainment of conventions. It should be a matter entirely in the hands of a committee of the board of trade. There should be a fund set aside for such purposes, and if the board of trade, when approached, considers it advisable to extend an invitation to any organization, then the board should take charge of the affair, properly herald it abroad, and care for the visitors when they come. Persons who invite conventions to Portsmouth, without the previous sanction of the board of trade, of course would have the privilege of doing so upon their own responsibility and would have to care for the visitors themselves. In this way we would get orderly procedure, we would get conventions that meant something, and we would care for them in the proper manner with a minimum of trouble and expense. That is the way it is done in other cities and that is the way it should be done in Portsmouth.

Then if the convention is a success and our fame as a city is increased, we can all share the glory through our representative commercial body; if it is not a success we can all share the burden.

In the meantime as we said in the beginning, we sympathize with Chief McQuat. He did his part and it was not his fault that the delegates failed to come.

THAT AMENDMENT.

We have been in favor of the amendment proposed by the Constitutional Stability League under the belief that it provided that any amendment which had been voted upon twice in successive years, should not again be voted upon for a period of six years. Our belief was that the amendment was so broad that it covered all amendments, whether they carried or were lost, and we so expressed ourselves in a Noon Extra editorial the other day. We are now informed that we have misread the proposed amendment or else we got hold of a wrong copy of it. The real proposal says that only such matters as have been rejected twice since 1912 or any part of such proposal, shall not be again submitted for a period of six years. That puts a different aspect on the whole matter and we fail to grow enthusiastic over it like we did over the proposition as we understood it. It does not reach what we thought it did at all, and we want to hear more and learn more of the proposed amendment before we support it and vote for it.

We felt perfectly sure Wednesday from the looks of things that the long wet spell had been broken and then along came the weather report with the daily prediction of showers to dash our hopes.

Local sentiment is decidedly in accord with the view that the pardon of Jack Wooten was most unfortunate and that somebody led the governor into a grave error. The plea on which the pardon was based must have come from Jackson county. No one here knew anything about it until the news was carried in The Times.

Really we do not know what we would do if it were not for our reserve navy. Hats off to the Battleship Bonne.

GLAD TO SEE HIM BACK.

DRIVING AUTOMOBILES.

The New York World comes forth as a champion of the female automobile driver. With the fervor, that is commendable in any gallantry towards the fair sex, the position is taken by it, that in quite every respect woman is just as fit to drive the modern machine as is mere man. As to the argument that she lacks the requisite strength, it steps forth with the unanswerable fact that the strength of a Hercules is not needed by a driver and prudence and a quick mind are the prime essentials; as to alleged lack of judgment and consideration of others, it maintains the female is fully the equal the male, and the joy riders, the road hogs and the drunken steersman at the wheel are entirely confined to man.

This latter argument is based on solid truth and its force is not to be gainsaid, but as to the first, much as our own gallantry moves us to admit its correctness, we cannot admit its conclusiveness in fact, and, as we see it, the world is there rather basing itself on the rule. It is not a question there of mental equipment, but rather of experience and general training. As training goes the boy is more or less familiarized with danger, girls are constantly kept away from it, and their habitual environments are such that comparatively few have those adventures in peril that harden the man and steady his nerves to an extent. Possibly, in the matter of automobile driving, the hardihood of the average man will oftentimes impel him to take chances that a woman would not and thus, to a degree, is the standard of fitness in the particular respect somewhat equalized. But, here arises this fact, comparatively few women have a wish to drive an automobile, and think themselves competent, while, to the contrary, there are comparatively few men who do not wish to drive one and fewer, in the conceit of sex, think themselves incompetent to do so. It will be conceded, that those who like to do a thing and think they can, on an average, will prove more proficient than those who do not.

We are altogether in accord with the World, that the dangers of automobile traffic would not disappear with the elimination of women drivers. A law to such an effect would be absurd and impossible. What is needed to get this new risen and raging pursuit down to a safe and sane basis is rigid enforcement of traffic rules, and regulations that would bar the reckless and unfit, no matter of what sex.

We have heard it said and we have heard it disputed, that Portsmouth wants moving pictures on Sunday. Now we are in a way to settle the question. The question will be settled for good, one way or the other. Study it out yourself, listen to the arguments and vote your convictions.

It seems to us that when they dedicate that new bridge they ought to also build a small monument to that elusive temporary bridge. That is if they can find it when the time comes.

City Prison Was Deserted

The city prison was entirely deserted and the doors were wide open for a few hours Wednesday afternoon. The prison was thoroughly fumigated and disinfected, once the Labor Day crop was disposed of.

Goes To Cleveland

Mrs. John Schuler, proprietress of the Schuler Hotel, has gone to Cleveland for a visit to relatives.

MADE A GOOD OFFICIAL.

A mighty fine young man and a mighty hard working and conscientious official surrendered office Monday when Grover C. Kinley turned over the office of county surveyor to his successor. Mr. Kinley was on the job early and late, he was there looking out for the interests of the tax payers and seeing to it that contractors lived up to the specifications. He would have been a good man to have kept in office, and we say that without disparagement to his successor, Mr. John Harper, who is also a good, clean, energetic young man. But somehow Kinley seemed to fit into the office. He worked in harmony with the commissioners, and he was pleasant and agreeable in his relations with the general public.

We are glad to note that Mr. Harper is retaining Mr. Kinley on his staff, at least for the present. He could do no more popular thing than to keep him there permanently.

Business is looking up. Got a subscription Wednesday from a lady living in England who said she wanted to read the unseasoned war news and she had seen The Portsmouth Times at the home of a friend, who had relatives in Portsmouth, who had been sending her copies of the paper.

We imagine the Star will have a pretty hard time of it investigating the character of each and every circus that comes along before it accepts its advertising. Some are good, some are bad, and some are worse. Generally we all expect to get stung when we go but still we go, swear it is the last one, and then go right ahead to the next one.

Yesterday was a pretty tough day on a fellow who had hosed down his last year's fall suit, all neatly pressed and creased, now wasn't it?

MAKE THE ROADS BETTER

BY JESSE TAYLOR

Editor of 'Better Roads and Streets'

The time has come for a general forward movement for improved roads, built and maintained under a general uniform plan, roads to be paid for by all who derive benefits or pleasure therefrom, so that all signs will point to a good road everywhere.

It is estimated that each man, woman and child in the United States helps to bear a mud tax of \$12.50 each, because of bad roads. This shows that the road question is one which should be made as big as the tariff, the navy, the army, foreign relations, commerce, or anything else.

Many roads in Europe which are centuries old, and better today than ever, are better because they have been systematically repaired and maintained.

The people who live in towns and cities are as much concerned in the condition of roads as are the people who live along the roads leading into or out of towns and cities.

Good roads, like good streets, make habitation along them most desirable.

Improved roads encourage time and force in the transportation of products as well as to beautify the country through which they pass.

Charles Sumner said: "The road and the school master are the two most important agents in advancing civilization."

The difference between a good road and a bad road is often equivalent to the difference between profit and loss.

There is a National interest in improved roads—coast to coast; lakes to the gulf; state to state; county to county; city to city; village to village; and from the door of the home to the improved road. This general interest will bring results and nothing can stop it except tax limits.

Any custom of practice that wastes road funds is a crime against the tax payer.

Don't forget it, "Construction, repair and maintenance," and that of these "maintenance" is the greatest.

Where is your county or township machinery? Rusting out in the fence corner like a lot of farm machinery, or at work on the road?

New York, Sept. 9.—A dancing floor that revolves is the latest innovation in tango circles. It is being constructed at Murray's and should prove a handy aid to the temperance movement.

It is admitted by those who have invested heavily in the dance halls that something must be done to keep the trotters interested this winter or the dance craze will disappear like a mist. Strategy is needed.

The trotters suffered a severe blow when the public learned that a crowd of rich parasites loitered in them to enslave young girls. The expose was made when Eugene Kelly, who is soon to inherit one million lovely dollars, was arrested as incorrigible by her mother's order.

Al Davis, a wrist watch wearing tango fiend, was the man in the case. Broadway has heard that despite the arrest Davis and the girl are to be married soon.

Theodore P. Shonts and August Belmont, with their sales of knes, were quite unable to have a coroner removed from office in New York. They ran up against a stumbling block in Gov. Whitman.

Coroner Riordan accused the elevated railroad of culpable negligence in connection with an "L" accident that cost two lives. Shonts and Belmont are the big stockholders in the company.

The company's counsel in court declared: "Coroner Riordan, I'll drive you out of office. I am pointing my finger at you to hold you up to disgrace. You will hear from this."

The Governor dismissed the charges of misconduct in office, thus revealed that justice is not always asleep even if she naps now and then.

Ray McCordell has discovered the greatest strategist in the world in New Rochelle. This fellow got his salary raised a year ago and his wife hasn't found it out yet.

Paul Armstrong, who passed on last week while driving in Central Park, is an example of the opportunity for the writing man in New York. He made a fortune in a few short years, yet he was practically unknown when he came to town.

Armstrong had a varied career. Dramatist, steamboat captain, sport writer, friend of Brooks, exile from Broadway, defendant in a suit for plagiarism—these were a few of the roles he played in his forty-six years of life, which began in Kinder, Mo., and ranged from Michigan to Paris.

He was a well known Broadway figure. He always wore a large felt hat on the right side of his head and had a goatee. He delighted in writing of the underworld life as was shown in "The Deep Purple," "A Romance of the Underworld," and "The Greyhound."

He once secured the consent of a judge to free a burglar in Sing Sing so he could study him. The burglar was given a minor part in one of his plays at \$14 a week. Other members of the cast knew nothing about it until the burglar was arrested for smashing a window in a Broadway store and stealing some jewelry.

Arthur Guiterman, the poet, is visiting in San Francisco. He post cards a travelogue to a friend in New York that he has been spending a quiet evening about "Frisco with a Native Son and can understand now why San Franciscans come to New York. They come for a rest.

Psychological

Doesn't matter how you feel, Whether you have trouble real Or imaginary, you Will start in to feelin' blue. You will surely start to think That you're wholly on the blink. You will have ailments galore, Some you never had before. You will think you're goin' to die.

Surely ere the day goes by, If to you some people say, "Gee, you're lookin' bad today."

But you feel fit for a fight, Positively well—all right, Fit to walk a hundred miles And your face is wreathed in smiles.

You feel ready for the strife; Better than in all your life; Strong and able to go hence Full of hope and confidence, You're as happy as a king, Willing to meet anything— If to you some people say, "Gee, you're looking bad today." —Exchange.

BOOSTERS' PARADE THEN BRIDGE DEDICATION

Senator Harding Will Probably Be Here For Big Event, Carnival Booming

The Scioto River bridge dedication will be held on Wednesday evening, the first day of the Kora Karnival, at the close of the monster Boosters' parade.

This was decided at the meeting of the directors of the Business Men's Association and chairman of the various Kora Karnival committees Wednesday evening.

The Boosters' parade will form east of Chillicothe street, probably at Gallia and Waller streets, and will march directly west to the bridge, where the exercises will be held.

Another urgent invitation has been extended to Senator Warren G. Harding to make the principal address at the bridge dedication, and it is almost certain that an affirmative reply will be received from him. Clinton Cowan, state highway superintendent, and other notables will be present.

Excellent Headway Is Being Made

Chairman Albert L. Marting reported that excellent headway was being made in the preparations for the Boosters' parade, and that it was an assured success. Another meeting of the general committee has been called for this evening, when further plans will be mapped out.

It was originally intended to hold the bridge dedication exercises Wednesday afternoon, but the committee decided Wednesday evening that it would serve as a fitting close to the big Boosters' demonstration.

Twelve choruses from the public schools will compete in the choral contest, according to Chairman Ben G. Harris, of the music committee. Each chorus will be trained by a teacher with musical ability, while some of the best musicians in the city will superintend the rehearsals during the last few days preceding the Karnival.

In Front of New High School

The contest will be staged in front of the high school Thursday afternoon. "The Boatman's Song" will be the selection for the choruses from the third to fifth grade, and "Water Lilies" for those from the fifth to eighth grades. An adjudicator from out of town will be secured to award the prizes.

The finish of the contest will be one of the most awe-inspiring features of the Karnival. As each chorus concludes its effort, the members will be stationed on either side of the high school entrance. When the last one has finished, the twelve groups will be massed into one, and the River City Band, stationed in the rear, will lead a medley of patriotic airs, in which the combined choruses will join.

All advertising for the Kora Karnival has been finished, except the placing of the fifty big road banners at advantageous points along the roads leading into the city, reported Dick Richards, chairman of the advertising committee. He said the last round of the neighborhood had been made with premium lists, flags, pennants and the other advertising matter. The big banners will be put up the latter part of this week.

Post Card Sale Is Phenomenal

Chairman Richards also reported that the sale of post cards during the past week had been nothing short of phenomenal. The indications are that large supply will be completely exhausted before the opening of the Karnival.

Superintendent Frank Appel of the public schools, took a large supply of cards Wednesday evening, which will be distributed among those school children who desire to mail them out Friday, "Post Card Day."

Superintendent Appel reported that the school teachers had taken hold of the Karnival idea with a vim, and that a large turnout of children for the "Children's parade" was assured. The school exhibit is all in readiness, he

Raised Chair To Hit Officer; Gilbert Wikoff Is Overpowered

Gilbert Wikoff went on the war path Wednesday evening when, while crazed by drink, he attacked and knocked down his own mother, according to the police.

Sergeant James Marshall hurried to Mrs. Wikoff's home at 1402 Twelfth street and when he entered Wikoff raised a chair to strike him, but was overpowered.

In a desperate struggle with a brother, Wikoff cut a large hole clear through his lower lip. At his request the police removed him to Dr. O. D. Tatje's office, where his wound was sewed up.

Couple Charged With Trying To Beat Board Bill, Get Away

Wilson L. Liston, of No. 213 Washington street, filed an affidavit in the mayor's court Thursday morning against one Paul Todd and wife, Ada Todd, alleging they had defrauded him of a \$20 board bill.

Mr. Liston reported to Police Capt. Grant Cooper that the couple skipped out at midnight Wednesday, smugling their trunks from the house and carrying them to Third and Washington streets, from which corner an Interstate Transfer Company baggage wagon removed them to the depot. He found that the trunks were checked through to Huntington, W. Va.

Mr. Liston said he and wife had become suspicious of the couple and kept close watch upon them, refusing their request to "remove their trunks to the home of 'friends' Wednesday." They claimed to have received word that a \$50 check they had been expecting ever since engaging accommodations at the Liston home two weeks ago, was on the way. Todd claimed to "hall from Illinois and said he came here to take a clerical position at the N. & W. freight depot, but did not work a single day since his arrival.

Capt. Cooper is unable to act upon the affidavit now that the couple is in another state, but will communicate with the Huntington authorities to keep them under surveillance.

Falls From Tree, Suffers Fracture

Roy, 13-year-old son of Mr. and Mrs. James Johnson, who reside near Garrison, Ky., fell from the top branches of a peach tree Thursday morning and fractured his left leg and right arm near the elbow. The boy fell 18 feet.

Bitten By Dog

Frances Walters, the 5-year-old daughter of Mrs. George Walters, of Cole's Boulevard, was bitten on the leg by a stray dog while she was visiting at the home of Mrs. Frank Zucker, of 1527 Eleventh street, Wednesday afternoon. Police were immediately notified and they killed the dog. The child's wound was cauterized by Dr. W. D. Micklethwait.

The dog had come into the yard of the Zucker home with a bone in its mouth, and on the little girl approached the dog sprang upon her, sinking its teeth into her leg, just above the shoe top.

Condition Grave

Janet, little daughter of Undertaker Roy Lynn, took a turn for the worse Thursday morning at 5 o'clock and her condition is now regarded as extremely critical. Grave fears are entertained for her recovery. The child has been ill the past few weeks with typhoid fever.

Spring Is Broken

While driving north on the Gallia pike Wednesday evening, A. R. Winfield, of Ceredo, W. Va., broke a spring on his big automobile when it plunged into a big chuck-hole near the ball park in New Boston. Mr. Winfield and family had to abandon the car until repairs could be made to it.

Armed Foreigners Terrorize Camp

Three foreigners, filled with "fire-water" and armed with revolvers, entered the camp of Rinehart and Dennis, C. & O. grade contractors, back of Sciotoville, Wednesday afternoon, and started to "shoot up the place."

They entered several of the shacks and fired shots through the roof. Luckily no one was in the shacks.

Squire Basham, of Sciotoville, was notified and deputized Eugene Ketter and Herbert Reynolds to arrest the trio. The young men found two of the foreigners, who were arraigned before Squire Basham, but as no evidence was found against them they were released.

Deals In Realty.

Two realty transfers filed for record at the recorder's office on Wednesday were the sale of ten acres in Washington township to Silas Howen by Oliver Collins and wife for \$500, and the sale of Lot 16 in Brookdale addition to New Boston to Victoria Cheney by Geo. Bahner for \$475.

Petitions Return.

All referendum petitions circulated in Scioto county this year and later filed with the secretary of state have been returned to the office of the board of elections for inspection by any interested citizens in the county. The public has until September 13th to examine the petitions, after which date they will again be returned to the office of the secretary of state.

Rev. Dunning Against The Sunday "Movies"

Editor of The Times:

"Knowing the ability of the Times to reach the ears of the people, I venture to ask space for the following communication which I wish to place before the citizens of Portsmouth.

"I notice in papers of Tuesday that the managers of some of our motion picture houses are endeavoring to get an ordinance opening the 'movies' on Sundays.

"This movement should meet the instant opposition of all citizens who are interested in the welfare of Portsmouth, and who desire not only to make it a greater but a better city.

"I firmly believe in motion pictures as a popular means of entertainment, and have installed them as a part of my church's program. Our motion picture theatres have in the main been most excellently managed. They are well patronized and supported by the Christian people of the city and are an institution everyone should like to see continued.

"To inject them into the Sabbath life of our people, however, is not only to lower their own standard, but is a direct blow at the religious life of the community. The first problem of a city is the making of good citizens. Sunday is the only day the churches and Sunday schools have of reaching the ears of the young with the moral and spiritual lessons so essential to good citizenship. Portsmouth has become noted for its Sunday schools and for its well attended Sabbath evening services. The greatest difficulty in reaching the young has been the rapid multiplication of pleasures. To open the theatres on this day will be to demoralize this work here. I have the testimony of hundreds of pastors and Sunday school superintendents in other cities where this has happened.

"The proposed ordinance also strikes a blow at labor. For years the workers have fought for shorter hours and for the Sunday rest. This movement for Sunday pictures is a part of the program of the film manufacturing corporations for larger profits, and will force thousands of workers to lose their Sunday rest. In many Eastern cities, through the influence of the labor unions, Sunday pictures have been closed in the past few months. Opening the motion pictures on Sunday will only be a step toward giving the masters added power to fasten their chains on the workers. The thoughtless cannot have their Sunday pleasures, nor the rich their Sunday profits, without placing an added burden on those who have to toil.

"Anything that this curtails the moral and religious forces of a community, and puts added burdens on the workers should meet the instant opposition of all good citizens.

"The theatres are open day and night for six days and there is not a citizen who does not have ample opportunity to patronize them during these hours. There is absolutely no justification nor reason for opening them on Sunday. The only reason the proposal is made is the commercial greed of a few who will profit by Sunday patronage.

"Because some other cities have Sunday movies is no reason for our having them. I have always believed that Portsmouth is a better city than other cities, and I think civic pride should keep it so.

"I do not see how Christians interested in the spiritual welfare of Portsmouth, nor laboring men interested in the welfare of the workers can do else than take a firm stand against the proposed ordinance.

"JOHN W. DUNNING."

May Use Property For Power House

The Ironton News of this week says:

"The Ulrich property, on South Fourth street, has been bought by Dr. J. W. Lowry. These three lots lie on the west side of Fourth, just above Vine street.

"The News stated some time ago that the new Portsmouth and Ironton railway would go up Fourth street, and would have a power house and car stable somewhere on the upper Fourth. Interurban cars will leave Ironton each morning for the down-river run to Portsmouth, and there will probably be about eight cars, four kept at each end of the line. There will be fast through cars that make only five or six stops, and accommodation cars that will 'pick up' people at certain places. Then, too, there will probably be freight cars. The News is of the opinion that the Interurban street railway company will build a power house, and car barns on the Ulrich lots, which will be an ideal location. These lots were owned by Henry C. and Fred Ulrich.

WOMAN STILL MISSING

Miss Annie L. Sparks, aged 22, who has been missing since Monday evening, is still unaccounted for. Police Officer Arthur Ridings, who has been investigating her disappearance, learned that she was seen talking to one of the Howe Bros.' circus men Monday evening and it is thought he may have induced her to leave the city. The missing young woman is a sister of Mrs. John Kidd, of No. 822 Eleventh street (rear) and was employed as a domestic at the Dawson home, corner Eleventh and Union streets.

Cofferdam Wrecked

Mariaville, Ky., Sept. 9.—The large cofferdam that was placed in position, two hundred feet across the channel at the Government dam being built here, was washed out and completely wrecked by the sudden rise in the river here. The loss to the contractors will be about \$1200.

Elks Will Get Busy During Big Karnival

Plans for the Elks' activities during the Kora Karnival were informally discussed at a special meeting of the lodge Wednesday evening, attended by a few of the members. No definite plans were decided upon, but Exalted Ruler McCall announced the appointment of the general committee to have charge, which was printed in Wednesday's Times.

A meeting of this committee will be called within the next few days.
